## Immunity Pack

### Dietary Supplements

LIPOSOMAL VITAMIN C 100 ML, D-SPRAY 2000 10 ML,  
PAU D'ARCO WITH SELENIUM 90 CAPSULES,  
SHARK LIVER OIL 90 CAPSULES, CORAL-MINE 30 SACHETS

TOTAL: 110 ML, 150 CAPSULES, AND 30 SACHETS. 30 DAY PROGRAM

coralclub

## Parashield Plus

### Dietary Supplements

PARAFIGHT 90 CAPSULES, CORAL BLACK WALNUT 90 CAPSULES, MSM 60 CAPSULES,  
PAU D'ARCO WITH SELENIUM 90 CAPSULES, CORAL BURDOCK ROOT 90 CAPSULES,  
ASSIMILATOR 90 CAPSULES, SUPER-FLORA 90 CAPSULES, CORAL-MINE 60 SACHETS

TOTAL: 600 CAPSULES AND 60 SACHETS. 60 DAY PROGRAM

coralclub

## Coral Detox Plus

### Dietary Supplements

M-500 90 CAPSULES, ASSIMILATOR 90 CAPSULES, CORAL LECTININ 120 CAPSULES,  
CORAL ALPISOL 120 CAPSULES, PENTOXAN 40 EFFERVESCENT TABLETS,  
CORAL-MINE 30 SACHETS

TOTAL: 390 CAPSULES, 40 EFFERVESCENT TABLETS, AND 30 SACHETS. 30 DAY PROGRAM

coralclub

## Parashield

### Dietary Supplements

PARASHIELD 90 CAPSULES, CORAL BUNGEON ROOT 90 CAPSULES,  
NONI 90 CAPSULES, SUPER-FLORA 90 CAPSULES,  
CORAL WINE 30 SACHETS

TOTAL: 306 CAPSULES AND 30 SACHETS, 30 DAY PROGRAM

coralclub

## Nutripack

### Dietary Supplements

CORAL ALGALIN 100 CAPSULES, PREMIUM SPIRULINA 200 TABLETS, CORAL LECTIN  
100 CAPSULES, OMEGA 3 100 CAPSULES, SUPER-FLORA 90 CAPSULES,  
CORAL WINE 30 SACHETS

TOTAL: 300 CAPSULES, 200 TABLETS, AND 30 SACHETS, 30 DAY PROGRAM

## Ingredients per 1 Capsule:

• Inulin (from Chicory root)	200 mg
• ActiVin (Grape seed extract)	150 mg
• Vitamin C	60 mg
• Muira puama root	50 mg
• Eleuthero root	25 mg
• Dunaliella whole plant	15 mg
• Zinc	15 mg
• Royal jelly (Bees milk)	10 mg
• Vitamin E	10 mg
• Milk thistle extract	5 mg
• Ginkgo extract	5 mg
• Green tea extract	5 mg
• Manganese	250 mcg
• Chromium	100 mcg
• Copper	40 mcg
• Selenium	35 mcg
• Molybdenum	25 mcg
• other ingredients.	

### Grape Seed Extract

Contains polyphenolic compounds believed to support healthy blood cholesterol levels and healthy blood flow. Helps fight oxidative stress.\*

### Ginkgo Biloba and Green Tea

Natural fighters of oxidative stress that support the body's ability to prevent cell damage and support healthy blood vessels and healthy blood circulation.\*

### Vitamin C, Vitamin E

Shield cells from free radicals and help optimize and support the immune system. Excellent source of antioxidant vitamins C and E.\*

### Eleuthero, Milk Thistle

Components support the liver and work together to help increase stamina and work productivity.\*

### Inulin

Supports healthy gut bacteria for increased stamina and work productivity.\* Inulin promotes a healthy balance of gut activity, aiding the body's absorption of certain nutrients.\*

### Dunaliella Salina Algae

Contains phytonutrients, which help fight oxidative stress.\*

**Directions:**  +  × 1 [ one capsule daily with a meal ]

\* These statements have not been evaluated by the Food and Drug Administration. This product is not intended to diagnose, treat, cure, or prevent any disease.

### Ingredients per 1 Capsule:

- |                             |        |
|-----------------------------|--------|
| • Pomegranate fruit extract | 200 mg |
| • Acai fruit extract        | 200 mg |
| • Cocoa bean extract        | 40 mg  |
| • Rosemary leaf extract     | 20 mg  |
| • other ingredients.        |        |

### Pomegranate

Containing phytonutrients that help combat oxidative stress, pomegranate helps support healthy blood flow and contributes to the maintenance of healthy blood vessels.\*

### Rosemary

Containing phytonutrients that help combat oxidative stress, rosemary supports vascular tone, promotes a balanced immune response, and may help relieve occasional stress.\* It also supports healthy circulation and helps maintain blood vessel health.\*

### Cacao Bean

Cacao beans contain compounds that may support heart health and promote healthy blood flow, helping to maintain overall cardiovascular function and support healthy circulation.\*

### Açai Berry

This special berry from South America contains high levels of phytonutrient antioxidants that help fight oxidative stress and is referred to as the “youth and beauty” berry.\*

**Directions:**  +  × 2 [ one capsule twice a day with a meal ]

\* These statements have not been evaluated by the Food and Drug Administration. This product is not intended to diagnose, treat, cure, or prevent any disease.

# Assimilator

Item: 91118

Container: 90 Vegetable Capsules

## Ingredients per 1 Capsule:

• Protease	30 000 HUT
• Amylase	8 000 DU
• Lactase	400 LACU
• Cellulase	200 CU
• Maltase	150 DP
• Lipase	50 LU
• Papain (from papaya)	600 000 PU
• Bromelain (from pineapple)	300 000 PU
• Vitamin A	344 mcg (1000 IU)
• Vitamin D3	5 mcg (200 IU)
• other ingredients.	

### Enzymes that Break Down Carbohydrates

Amylase begins digesting carbohydrates while they are still in your mouth. Cellulase breaks down crude fiber, improving the absorption of grains, fruit, and vegetables. Maltase catalyzes the hydrolysis of the disaccharide maltose to simple sugar glucose. Lactase breaks down lactose (milk sugar).\*

### Vitamins A and D

Vitamins A and D help maintain the integrity of the gut and intestinal lining.\* Vitamin D supports the overall environment in which digestion occurs.\*

### Enzymes that Break Down Proteins

Protease, papain, and bromelain help break proteins down into amino acids, actively functioning both in the acidic and alkaline parts of the GI tract.\*

### Enzyme that Break Down Fats

Lipase breaks down animal fats into easily digestible fatty acids and helps in the intake of vitamins A and D.\*

Directions:

+

× 1

[ one capsule daily with a meal ]

\* These statements have not been evaluated by the Food and Drug Administration. This product is not intended to diagnose, treat, cure, or prevent any disease.

# B-Luron

Item: 918141

Bottle: 2 x 17 fl oz (500 ml)

## Ingredients per 1 Serving:

• Vitamin E	15 mg
• Chondroitin Sulfate	300 mg
• Hyaluronic Acid	150 mg
• other ingredients.	

### Hyaluronic Acid

Hyaluronic acid, also known as hyaluronan, is a clear, oil-like substance that is naturally produced by our bodies. Hyaluronic acid is found in many tissues of the body. It tightens the skin and connective tissue, keeps the cartilage elastic, and lubricates our joints. Hyaluronic acid is the major component of synovial fluid, the "joint grease." Additionally, hyaluronic acid supplements can help increase skin moisture and reduce the appearance of fine lines and wrinkles.\*

### Chondroitin Sulfate

It is an active ingredient and a vital part of cartilage. Chondroitin sulfate can be found in cartilage, which is a cushion that surrounds the joints in our body. Chondroitin sulfates act like "liquid magnets." They help attract fluid into the connective tissue. This ensures the elasticity and cushioning ability of the articular cartilage. Chondroitin is found naturally in your body. It's a vital part of cartilage, giving it elasticity by helping it retain water.\*

### Vitamin E

It is a powerful antioxidant that slows down oxidation processes and protects other fat-soluble vitamins from damage caused by oxygen. It also contributes to better absorption of such vitamins. It improves the process of cellular respiration, thus increasing overall endurance.\*

## Directions:

× 1

[ one measuring cup (1 fl oz / 30 ml) once a day after a meal ]

\* These statements have not been evaluated by the Food and Drug Administration. This product is not intended to diagnose, treat, cure, or prevent any disease.

# Calci-Prime

Item: 2195

Container: 120 Vegetable Capsules

## Ingredients per 1 Capsule:

• Calcium (from Aquamin™ TG)	137.5 mg
• Magnesium (from Aquamin™ TG and magnesium citrate)	40 mg
• Silicon (from Horsetail aerial parts extract)	2 mg
• Vitamin K2 MenaQ7® (menaquinone-7)	18.8 mcg
• Zinc (citrate)	1.34 mg
• Manganese (gluconate)	0.25 mg
• Boron (sodium borate)	0.2 mg
• Vitamin D3 (cholecalciferol)	1.25 mcg (50 IU)

### **M** Aquamin™

Calcium is essential for maintaining strong bones and teeth. It also aids in muscle function, including the heart, and plays a role in blood clotting and energy production. This natural calcium comes from North Atlantic seaweed, which absorbs minerals like calcium and magnesium from the sea.\*

### **M** Magnesium

Contributes to bone and dental health, helps absorb calcium, and plays a role in collagen protein synthesis. Our product contains magnesium citrate from Aquamin™.\*

### **V** Vitamin K2

(Menaquinone) contains a clinically proven and patented form of vitamin K2 (MenaQ7®)\*\*, supporting bone and dental health by forming new bone tissue.\*

### **V** Vitamin D3

Helps the body absorb calcium, promoting healthy bones, teeth, immune system, and muscle function.\*

### **M** Zinc

Supports healthy bones, mineral metabolism, cell formation, immunity, and vitamin A absorption. Our product uses organic zinc citrate.\*

### **M** Manganese

Manganese helps maintain healthy bones, joints, and skin by participating in connective tissue formation.\*

**Directions:** 2  +  × 2 [ two capsules twice a day with meals ]

\* These statements have not been evaluated by the Food and Drug Administration. This product is not intended to diagnose, treat, cure, or prevent any disease.

# Cascara Sagrada

Item: 1405

Container: 100 Tablets

## Ingredients per 1 Tablet:

- Cascara Sagrada bark powder 487.5 mg
- other ingredients.

## Cascara Sagrada

Cascara Sagrada (Cascara Buckthorn) bark, native to North America, has been used for many years because it is generally well tolerated by the gastrointestinal tract and does not create dependence to support the body's natural mobility and peristalsis. Its gentle support of the body in moving contents through the digestive tract manifests about 8-10 hours after taking it, so it is best to take it before going to sleep. Cascara Buckthorn bark contains anthraquinones that, after getting to the large intestine, support the body's improved mobility and peristalsis, helping to comfortably move solid waste along in order to support normal stool. In comparison with other factors that help the bowels with easier transit, Cascara Sagrada "delicately" supports cleansing the intestines and maintain a healthy gut flora.\*

**Directions:**  × 1-2 [ one tablet once or twice a day before a meal ]

\* These statements have not been evaluated by the Food and Drug Administration. This product is not intended to diagnose, treat, cure, or prevent any disease.

# Chewable Papaya

Item: 2196

Container: 90 Chewable Tablets

## Ingredients per 1 Tablet:

- Papaya fruit extract (*Carica papaya*) 75 mg
- Bromelain 20 mg
- Turmeric rhizome extract (*Curcuma longa*) 3.3 mg
- Vitamin B2 (riboflavin) 0.15 mg
- excipients.

### Bromelain

is an enzyme found in the core and stems of pineapples. Just like pepsin, a key enzyme in our stomach juice, bromelain helps break down proteins into small bits called peptides and then into amino acids, making them easier for our bodies to absorb. Bromelain aids digestion, and unlike many enzymes, it stays active across a range of pH levels, from acidic to weakly alkaline, making it great for enhancing protein digestion. Bromelain facilitates protein digestion, leading to better amino acid absorption, which is important for cellular health and may support the body's natural repair processes, including the intestinal lining.\*

### Papaya Fruit Extract

specifically the juicy flesh, contains traces of vitamins, minerals, and plant enzymes. Papain, one of these enzymes, is particularly valuable. Much like bromelain, papain helps break down proteins and remains active in a wide range of pH levels.\*

### Vitamin B2

also known as riboflavin, supports tissue regeneration and contributes to the health of the gastrointestinal lining.\*

### Turmeric Extract

may support bile production in the liver, aiding digestion and helping the body better absorb nutrients, particularly fats.

**Directions:**  +  × 3 [ 1 chewable tablet 3 times per day with a meal. ]

\* These statements have not been evaluated by the Food and Drug Administration. This product is not intended to diagnose, treat, cure, or prevent any disease.

# Chlorella Tablets

Item: 2129

Container: 180 Tablets

## Ingredients per 1 Tablet:

- Chlorella 500 mg

## Chlorella

Chlorella is a single cell microalgae of rich green color due to a high concentration of chlorophyll. Chlorella is packed with phytonutrients, including amino acids, chlorophyll, beta-carotene, potassium, biotin, magnesium and B-group vitamins.

However, its tough exterior cellular walls are difficult to digest. It took many years of research to find a way for the human body to digest it more effectively. Chlorella from Coral Club is "cracked cell wall chlorella" and is highly absorbable.

Chlorella is known to help support the immune system, healthy weight management, and the body's natural detoxification of heavy metals in the body.\*

**Directions:** 2  +  × 3 [ two tablets three times a day with a meal ]

\* These statements have not been evaluated by the Food and Drug Administration. This product is not intended to diagnose, treat, cure, or prevent any disease.

# CircuPhyt

Item: 91823

Container: 60 Capsules

## Ingredients per 1 Capsule:

• Diosmine (from Hesperidin)	250 mg
• Gotu Kola whole plant extract	100 mg
• Horse Chestnut seed extract	100 mg
• Blueberry fruit extract	100 mg
• Hawthorn berry extract	60 mg
• Ginkgo leaf extract	40 mg
• other ingredients.	

### Diosmine

is a bioflavonoid derived from citrus peel. It helps to support vein tone and elasticity.\*

### Horse Chestnut

supports healthy blood flow in small and large blood vessels.\*

### Hawthorn Berry

is known for its potential to support cardiovascular health.\*

### Gotu Kola & Ginkgo Biloba

Gotu kola and Ginkgo biloba leaves extracts help support healthy blood vessels. They help support regulated blood flow in the heart, brain, and lower limbs.\*

**Directions:**  +  × 1 [ one capsule daily with a meal ]

\* These statements have not been evaluated by the Food and Drug Administration. This product is not intended to diagnose, treat, cure, or prevent any disease.

# Coenzyme Q10

Item: 2177

Container: 60 Vegetable Capsules

## Ingredients per 1 Capsule:

- |                              |        |
|------------------------------|--------|
| • Coenzyme Q10 (Kaneka Q10®) | 100 mg |
| • Inulin (from chicory root) | 125 mg |
| • MCT oil powder             | 5 mg   |
| • other ingredients.         |        |

## V Coenzyme Q10

Coenzyme Q10 (CoQ10) is an essential element for many daily functions and is required by every single cell in the body. To sustain enough energy for bodily functions, tiny organelles inside our cells called mitochondria convert fat and other nutrients into usable sources of energy. This conversion process requires the presence of CoQ10.\*

Kaneka Q10® used in the product is the brand name of the Coenzyme Q10, produced by Kaneka Corporation.

## Inulin

Supports energy indirectly by feeding beneficial bacteria in the gut, which helps improve nutrient absorption.\*

## MCT Oil

MCTs are medium-chain triglycerides, considered to be a pure source of fatty acids.\* MCTs from coconut oil are easily digested and sent directly to your liver, where they are efficiently used as a rapid energy source, thus being less likely to be stored as fat. MCTs support the body's normal metabolic rate.\*

**Directions:**  +  × 1 [ one capsule daily with a meal ]

\* These statements have not been evaluated by the Food and Drug Administration. This product is not intended to diagnose, treat, cure, or prevent any disease.

# Colostrum Plus

Item: 2171

Container: 120 Vegetable Capsules

## Ingredients per 1 Capsule:

- Bovine Colostrum 250 mg
- Beta-Glucans (as Beta-1,3/1,6-glucans from Baker's yeast) 50 mg
- other ingredients.

### + Bovine Colostrum

Colostrum Plus is formulated to help strengthen and support immune health by combining the beneficial properties of colostrum and beta-glucans.\* Colostrum is the very first nutrition of all mammals, including human beings. This substance protects newborns in their first days of life. Bovine colostrum is beneficial for the adult human body, as it contains predominant levels of immunoglobulin G (IgG), which may support systemic immune function.\*

Colostrum is derived from cow's milk collected in the first few hours after calving, and is a source of valuable biologically-active substances — immunoglobulins, lymphocytes, lactoferrin, interleukins, and growth factors. It is rich in minerals, vitamins, enzymes, and contains proline rich polypeptides, which are also called transfer factors. The unique composition provides the protective, regulatory and functional properties of colostrum.\*

### + Beta-glucans

Beta-glucans are naturally-occurring polysaccharides that support the activation of immune system cells (macrophages, T-lymphocytes, NK cells) and contribute to the body's natural defense mechanisms.\*

**Directions:** 2  +  × 1 [ two capsules daily with a meal ]

\* These statements have not been evaluated by the Food and Drug Administration. This product is not intended to diagnose, treat, cure, or prevent any disease.

# Coral Alfalfa

Item: 2102

Container: 120 Capsules

## Ingredients per 1 Capsule:

- Alfalfa juice powder 250 mg
- Alfalfa leaf powder 150 mg
- other ingredients.

## Alfalfa

is a natural source of certain vitamins, minerals, amino acids, and phytoestrogens. Alfalfa provides phytonutrients, helps support healthy cholesterol levels and supports the body's elimination of waste products.\*

**Directions:** 2  +  × 2 [ two capsules twice a day with a meal ]

\* These statements have not been evaluated by the Food and Drug Administration. This product is not intended to diagnose, treat, cure, or prevent any disease.

# Coral Artichoke

Item: 91640

Container: 90 Capsules

## Ingredients per 1 Capsule:

• Artichoke herb extract	300 mg
• Betaine HCl	50 mg
• Milk Thistle seed extract	40 mg
• Dandelion root extract	20 mg
• other ingredients.	

### Artichoke

contains many active ingredients like quercetin, rutin, gallic acid, and cynarine that nourish the digestive tract, supporting normal function and gut health. Providing the body with various nutrients such as protein, vitamins and minerals, it helps to support the body's regulation of the metabolism.\*

### Dandelion Root

It contains bitter substances that whet the appetite. Dandelion supports our digestive system by helping maintain the proper flow of bile.\*

### Milk Thistle

Milk thistle may support the liver's natural bile production processes and supports the secretion and motor functions of the GI tract. Milk thistle seeds contain the phytochemical silymarin, recognized for its potential liver supporting properties. The liver cleans your blood by ridding the body's waste products, including harmful substances, like alcohol.\*

### Betaine

is a compound that is biologically involved in the detoxification process of the body. It helps support normal lipid metabolism in the liver, supports healthy triglyceride levels, and may have a beneficial effect on the digestive system.\*

**Directions:**  +  × 2 [ one capsule twice a day with a meal ]

\* These statements have not been evaluated by the Food and Drug Administration. This product is not intended to diagnose, treat, cure, or prevent any disease.

# Coral Black Walnut

Item: 91643

Container: 90 Vegetable Capsules

## Ingredients per 1 Capsule:

- Black Walnut leaf extract 300 mg
- Oregano leaf extract 50 mg
- other ingredients.

### Black Walnut Leaves

One of the primary active compounds in black walnut leaves is juglone (naphthoquinone). Juglone may have effects that discourage parasites, potentially by inhibiting certain enzymes necessary for the metabolic function of certain unwanted guests. Additionally, the juglone and tannins found in black walnut could contribute to creating an inhospitable environment in the gut for the candida fungus, thus supporting the body's ability to resist candida fungus and its negative effects.\*

### Oregano Leaves

Oregano is a popular herb that has numerous health benefits. One active agent in oregano leaves is rosmarinic acid, which helps alleviate oxidative stress and supports immune system health. Carvacrol and thymol, two other phytochemicals in oregano, may offer certain supporting antimicrobial properties. They are able to support the body's ability to maintain a healthy gut and support the body's removal of toxins. Essential oils of oregano are believed to support the body's ability to work against occasional exposure to the candida species and may help support a healthy immune system.\*

**Directions:** 2  +  × 2 [two capsules twice a day with a meal]

\* These statements have not been evaluated by the Food and Drug Administration. This product is not intended to diagnose, treat, cure, or prevent any disease.

# Coral Boswellia

Item: 91846

Container: 90 Capsules

## Ingredients per 1 Capsule:

- Boswellia extract 400 mg
- other ingredients.

## Boswellia

The aromatic resins in Boswellia Serrata contain boswellic acids that support joint health. Boswellic acids also support immune health, which may aid the body's joint and cartilage function, promoting joint comfort. Additionally, boswellia supports microcirculation, helps maintain healthy blood vessels, and supports the body's ability to deliver nutrients to muscle tissues, aiding in their recovery.\*

**Directions:**  +  × 3 [ one capsule three times a day with a meal ]

\* These statements have not been evaluated by the Food and Drug Administration. This product is not intended to diagnose, treat, cure, or prevent any disease.

# Coral Burdock Root

Item: 91860

Container: 90 Capsules

## Ingredients per 1 Capsule:

- Burdock root powder 500 mg
- Burdock root extract 100 mg
- other ingredients.

## Burdock Root

Burdock root contains phytonutrients that may help support a healthy balance of gut bacteria and assist the body's natural detoxification processes by supporting healthy urine flow and kidney function. Burdock may also help protect the lining of the GI tract and support healthy digestion by promoting the body's natural production of gastric juices and bile, contributing to the liver's normal functioning.\*

**Directions:**  +  × 3 [ one capsule three times a day with a meal ]

\* These statements have not been evaluated by the Food and Drug Administration. This product is not intended to diagnose, treat, cure, or prevent any disease.

# Coral Carnitine

Item: 91890

Container: 180 Capsules

## Ingredients per 1 Capsule:

- Acetyl-L-Carnitine 400 mg
- other ingredients.

## Carnitine

Carnitine plays an important role in energy production. It transports long-chain fatty acids into the mitochondria to produce energy. Carnitine is concentrated in skeletal and cardiac muscle tissues that utilize fatty acids as a dietary fuel. It is one of the best nutrients supporting heart health.

Other health benefits of Acetyl-L-Carnitine include potentially supporting improved memory in older people and helping to alleviate occasional fatigue.\*

**Directions:**  +  × 2 [ one capsule twice a day with a meal ]

\* These statements have not been evaluated by the Food and Drug Administration. This product is not intended to diagnose, treat, cure, or prevent any disease.

# Coral Cat's Claw

Item: 91642

Container: 60 Capsules

## Ingredients per 1 Capsule:

- |                           |        |
|---------------------------|--------|
| • Cat's Claw bark extract | 300 mg |
| • Burdock root extract    | 100 mg |
| • Green tea leaf extract  | 100 mg |
| • other ingredients.      |        |

### Cat's Claw †

Traditional and alternative health practices show some support for the benefits of Cat's Claw. This woody vine has immune supporting, and oxidative stress fighting properties. Components of Cat's Claw bark can assist the body in eliminating free radicals that may cause cellular damage over time. Cat's Claw can support immune system activity, support healthy blood flow, support healthy urine flow and help relax smooth muscle.\*

### Green Tea

It contains many important nutrients, like polyphenols that support healthy blood flow, catechins (antioxidants) that fight oxidative stress, and helps lessen occasional fatigue.\*

### Burdock Root

is full of bioactive substances that support healthy urine flow and urinary tract health, as well as and providing supporting health promotion properties.\*

† As with any supplement, it's advisable to consult healthcare professionals before incorporating Cat's Claw into your health regimen, especially for individuals with existing health conditions or those taking medication. Not recommended for pregnant women.

**Directions:**  +  × 2 [ one capsule twice a day with a meal ]

\* These statements have not been evaluated by the Food and Drug Administration. This product is not intended to diagnose, treat, cure, or prevent any disease.

# Coral Kelp

Item: 91805

Container: 60 Capsules

## Ingredients per 1 Capsule:

• Kelp grass extract	180 mg
• Rose hips fruit extract	150 mg
• Ginger root extract	20 mg
• other ingredients.	

### Kelp

Contains alginate, which helps to support intestinal function and your body's natural detoxification process to cleanse of toxins. Supports the glandular system, energy, and metabolism.\*

### Ginger Root

A natural oxidative stress fighter supporting physical activity and healthy blood flow for healthy cholesterol levels, supporting the body's vascular and digestive function, and helping assist with your body's natural detoxification process.\*

### Rose Hips

Contains vitamin C. It supports metabolism and supports the immune system.\*

**Directions:**  +  × 1-2 [ one capsule once or twice a day with a meal ]

\* These statements have not been evaluated by the Food and Drug Administration. This product is not intended to diagnose, treat, cure, or prevent any disease.

# Coral Lecithin

Item: 91650

Container: 120 Capsules

## Ingredients per 1 Capsule:

- Lecithin (from Soy) 1200 mg
- other ingredients.

## Lecithin

Lecithin is a source of Phospholipids, which are vital for brain function. Lecithin may help with cognitive focus, creativity, concentration and memory, and occasional irritability. Lecithin plays a part in the regulation of fat metabolism. Lecithin supports the body's natural detoxification process during environmental exposure, such as seasonal elements and nicotine. Cells need lecithin for structural support and cellular integrity.\*

**Directions:**  +  × 2-3 [ one capsule two or three times a day with a meal ]

\* These statements have not been evaluated by the Food and Drug Administration. This product is not intended to diagnose, treat, cure, or prevent any disease.

# Coral Licorice Root

Item: 91641

Container: 100 Capsules

## Ingredients per 1 Capsule:

- Deglycyrrhizinated Licorice root extract 300 mg
- Licorice root extract 80 mg
- Ginger root extract 20 mg
- other ingredients.

### Licorice Root

Licorice Root contains many plant components, with the largest one being glycyrrhizin. The Licorice Root contains a triterpenoid saponin compound, glycyrrhizin, thought to have therapeutic benefits, including supporting the body's immune response. Containing flavonoids, glycyrrhizin helps fight oxidative stress. In some people, glycyrrhizin may be related to some unpleasant effects, especially when given in higher amounts. Deglycyrrhizinated licorice (DGL) removes the glycyrrhizin, and is generally well tolerated. DGL is still beneficial for digestion, supports respiratory health, immunity and hormonal balance, and supporting health benefits occur from the flavonoids and plant sterols found in this plant.\*

### Ginger Root

Ginger helps support vascular health, may increase vitality, and contains phytonutrients which support the body's natural immune function and may help reduce occasional fatigue. Ginger also helps with healthy blood flow and supports gut health.\*

**Directions:**  +  × 2 [ one capsule twice a day with a meal ]

\* These statements have not been evaluated by the Food and Drug Administration. This product is not intended to diagnose, treat, cure, or prevent any disease.

# Coral Magnesium

Item: 91881

Container: 90 Capsules

## Ingredients per 1 Capsule:

- Magnesium 150 mg
- other ingredients.

## M Magnesium

Magnesium is one of the most important minerals that act in tandem with calcium and is necessary for the absorption of the latter. One of the most important functions of magnesium is to support the nervous system when reacting to stress. Magnesium may help ease CNS excitation, which may help reduce occasional anxiety and irritability. Magnesium supports a healthy heart rhythm and supports healthy blood flow. Magnesium plays an active role in the formation of musculoskeletal tissues, being a structural component of bones and tooth enamel.\*

**Directions:**  +  × 2 [ one capsule twice a day with a meal ]

\* These statements have not been evaluated by the Food and Drug Administration. This product is not intended to diagnose, treat, cure, or prevent any disease.

# Coral-Mine

Item: 2220/2221

Container: 30 Sachets/10 Sachets

## Ingredients per 1 Sachet:

- |                   |        |
|-------------------|--------|
| • Powdered coral  | 995 mg |
| • L-Ascorbic acid | 5 mg   |

**Coral-Mine** is a product from Japan made of deep-sea coral sand (scleractinians) collected in the Sea of Japan, near the islands of Okinawa and Tokunoshima

### Main properties:

- Enriches water with certain minerals
- Helps support stamina
- Immune system support
- Promotes better hydration and supports the body's detoxification process
- Decreases visible signs of aging and promotes skin health

A sachet of Coral-Mine placed in water enriches it with bioavailable beneficial minerals, helps restore water-salt balance, has a positive effect on supporting the kidneys, liver and digestive system functions, and helps to support healthy blood pressure.\*

These minerals help promote the growth of bone and connective tissue with beneficial effects on overall health.\*

**Directions:**  [ place one sachet into 50 fl oz (1.5 L) of water, drink the water throughout the day ]

\* These statements have not been evaluated by the Food and Drug Administration. This product is not intended to diagnose, treat, cure, or prevent any disease.

# Coral Taurine

Item: 2101

Container: 60 Capsules

## Ingredients per 1 Capsule:

- Taurine 600 mg
- other ingredients.

## Taurine

It is primarily found in animal products, but can also be synthesized within the body, which slows down after the age of 40. Its benefits are broad and extensive.

Taurine is especially important for the cardiovascular system.\* It supports healthy blood circulation and vascular tone.\* Taurine supports the regulation of calcium, potassium, magnesium, and sodium concentrations in the body.\* Moreover, it supports cardiovascular function, including heart health and vascular integrity.\*

**Directions:**  +  × 1-2 [ one capsule once or twice a day with a meal ]

\* These statements have not been evaluated by the Food and Drug Administration. This product is not intended to diagnose, treat, cure, or prevent any disease.

# Daily Delicious Beauty Protein Mix

## Raspberry/Vanilla/Chocolate/Mango-Orange

Item: 211501/211601/211701/211801/213501/213601/213701/213801

Container: 500 g/25 g

### Ingredients per 1 Serving:

- Protein (from Milk protein; Whey protein concentrate; Soy protein isolate) 13 g
- Collagen hydrolysate 250 mg
- Vitamin A 367.25 µg (1068 IU)
- Vitamin C 145.5 mg
- Vitamin E 4 mg (5.5 IU)
- Niacin 4.75 mg
- Folate 128.5 µg
- Biotin 41 µg
- Pantothenic Acid 4 mg
- Magnesium 50 mg
- Selenium 50 µg
- Copper 0.5 mg
- Sodium 55 mg
- L-Isoleucine, L-Leucine, L-Valine 2.5 mg
- PABA para-aminobenzoic acid 25 mg
- other ingredients.

### Collagen

The main building block of skin, muscles, hair, and nails. Skin contains up to 70-80% collagen. Collagen hydrolysate, found in our shakes, is a form of animal collagen made up of three peptides (amino acids): lysine, proline, and hydroxyproline. It's special as it has a low molecular weight and is easily digested. Collagen provides protein nutrition to the skin that may help prevent signs of premature aging.\*

### Milk Protein and Whey Protein Concentrate

Unlike vegetable proteins, milk proteins contain all the essential amino acids that are similar in structure to human muscle tissue. Unlike whole protein, whey protein is a fast-acting protein absorbed by the body relatively quickly. It's been reported that whey protein supplementation is beneficial to muscle recovery after exercise by increasing protein synthesis and reducing muscle damage. Three essential, branched chain amino acids within the protein composition – valine, leucine, and isoleucine, may support enhanced fat metabolism for additional energy release.\*

### Soy Protein Isolate

A light plant-based protein that is useful primarily for those whose body does not absorb regular casein protein well or who are unable to tolerate lactose, as well as for the elderly and for vegetarians as a substitute for meat proteins.\*

### Vitamin-mineral Complex

Vitamins A, C, E, B3 (PP), B7, B9, and the minerals magnesium, copper, and selenium participate in the metabolic processes of converting carbohydrates, protein, and fat into energy. Vitamins and minerals improve digestion, support skin and muscle health, and aid the body in the synthesis of its own collagen.\*

### Directions:

x 1

[ two measuring scoops (25 g) of powder mixed with 8 fl oz (~235 ml) of skimmed milk, take one serving a day ]

\* These statements have not been evaluated by the Food and Drug Administration. This product is not intended to diagnose, treat, cure, or prevent any disease.

# Daily Delicious Hi-Fiber Acai & Blueberry

Item: 2103

Container: Powder 0.6 lb (270 g)

## Ingredients per 1 Serving (9g):

Apple fiber; Inulin; Guar gum; Gum arabic; Sodium carboxymethyl cellulose; Rice bran; L-glutamine 200 mg; Plum fruit powder; Glucomannan; Pineapple fruit powder; Blueberry fruit powder; Acai berry extract; Apple pectin; Aloe Vera gel 30 mg; other ingredients.

### Soluble Fiber

Soluble fiber from apples, inulin, and glucomannan as part of a diet low in saturated fat and cholesterol may help reduce the risk of heart disease.\*

### Insoluble Fiber

Insoluble Fiber aids in relieving and preventing occasional constipation by speeding up digestion and contributing to metabolic health.\*

### Glutamine

L-glutamine supplementation supports gut barrier integrity, helps support immune function, and promotes muscle protein synthesis, which may help muscle wasting in individuals with certain health conditions.\*

### Aloe Vera Gel

known for its antimicrobial properties, can also alleviate occasional constipation and help inhibit the growth of certain harmful bacteria.\*

## Directions:

× 2

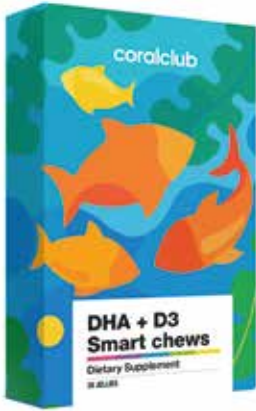

[ one scoop (9 g) of powder mixed with 5 fl oz (~150 ml) of water, take up to 2 servings a day ]

\* These statements have not been evaluated by the Food and Drug Administration. This product is not intended to diagnose, treat, cure, or prevent any disease.

# DHA + D3 Smart Chews

Item: 2304

Container: 30 jellies

## Ingredients per 1 jelly:

• Fish oil	720 mg
Total Omega	482 mg
EPA (Eicosapentaenoic acid)	72 mg
DHA (Docosahexaenoic acid)	360 mg
• Vitamin D3 as Cholecalciferol	12 mcg

## DHA (Docosahexaenoic acid) and EPA (Eicosapentaenoic acid)

Some studies show that DHA (Docosahexaenoic acid), an essential omega-3 fatty acid, enhances learning and cognitive development in children and adolescents, contributing to better information retention and improved academic performance. DHA benefits have long-term implications for cognitive abilities and mental health carrying over from childhood to adulthood. DHA may help maintain a balanced inflammatory response in the body. EPA (Eicosapentaenoic acid) is more closely linked to mental health and mood, including helping mood regulation and reducing occasional feelings of anxiousness, resulting in a positive mood. DHA and EPA are vital for children's vision development and retinal health.\*

## Vitamin D3

Vitamin D3 is necessary for normal bone growth and development by supporting calcium absorption, as well as aiding normal immune system functions in children.\*

## ConCordix technology

The ConCordix system has been successfully used to recreate the natural distribution of fat in fish, whereby the mass of fish oil is broken up into many individual, highly fragmented droplets isolated from one another. Such distribution of fish oil in gelatin gum may significantly increase the assimilation of its active substances and help prevent premature oxidation and adhesion of fat droplets.\*

**Directions:**  × 1 [ children over four years old chew one jelly daily ]

\* These statements have not been evaluated by the Food and Drug Administration. This product is not intended to diagnose, treat, cure, or prevent any disease.

# D-Spray 2000

Item: 2197

Container: 0.34 fl oz (10 ml)

## Ingredients per 1 spray (0.06 ml):

- Vitamin D3 (as Cholecalciferol) 50 mcg (2000 IU)
- other ingredients.

Contains MCT coconut oil fatty acids for better bioavailability.\*

## Vitamin D3

Vitamin D3 is a very important biologically active substance for the body. It is produced in the body when the skin is exposed to ultraviolet rays from sunlight, and it is found naturally in a small number of foods. However, people all over the world experience some form of vitamin D3 deficiency. Several factors contribute to vitamin D deficiency, including insufficient sunlight exposure in certain latitudes, air pollutants absorbing UV rays, nutrient-poor food, and the widespread use of sunscreen. Maintaining optimal vitamin D3 levels is especially relevant for residents of middle and northern latitudes. Replenishing vitamin D3 levels from food is difficult, as it is only found in certain animal products, such as specific yolks and specific fish species.\* It is produced in the skin through exposure to UV light.\* Therefore, taking an additional source of vitamin D3 may be beneficial regardless of the time of year. Vitamin D is needed to maintain a healthy immune system, support a healthy weight, joint comfort, and support healthy intestines, liver, and kidneys.

**Directions:**  × 1 [ one spray (0.06 ml) daily ]

\* These statements have not been evaluated by the Food and Drug Administration. This product is not intended to diagnose, treat, cure, or prevent any disease.

# Evening Formula

Item: 91832

Container: 60 Capsules

## Ingredients per 1 Capsule:

• L-Theanine	100 mg
• Lemon Balm leaf extract	100 mg
• Hops flower extract	100 mg
• St. John's Wort herb extract	100 mg
• Magnesium	75 mg
• Scullcap root extract	50 mg
• other ingredients.	

### Theanine

Some research indicates that L-Theanine can help lessen anxiety under stress and aid CNS recovery after experiencing emotional stress. It may also improve mood by reducing occasional anxiety and enhancing relaxation, likely due to increasing the alpha brain waves that are linked to relaxed alertness.\*

### Lemon Balm and Hops

Lemon Balm and Hops are known for their calming effects, reducing excitability, and potentially supporting vascular health, and potentially supporting memory and cognitive processes. They contribute to a positive mood and relaxation. Lemon Balm, in particular, promotes restful, undisturbed sleep.\*

### Magnesium

A stress-fighting element that may calm CNS excitement, reduce nerve and muscle spasms, and support nervous system regulation and neurotransmitter functions.\*

### St. John's Wort

is a plant with yellow, star-shaped flowers. St. John Wort extract helps improve mood, may decrease occasional feelings of anxiousness, and help with more restful sleep and balanced mood, possibly by affecting absorption of mood-related chemicals by nerve cells.\*

### Skullcap

Some of the health benefits of Skullcap include potentially reducing occasional anxiousness, supporting hormonal balance, and aiding in sleep issues, improving sleep quality.\*

## Directions:

1

[ one capsule daily with a meal ]

\* These statements have not been evaluated by the Food and Drug Administration. This product is not intended to diagnose, treat, cure, or prevent any disease.

# FanDetox

Item: 9167501

Container: 30 Stick packs (4.5 g)

## Ingredients per 1 Stick pack:

• Persimmon fruit extract	280 mg
• Goji berry extract	210 mg
• Citrus peel extract	210 mg
• Buckwheat extract	210 mg
• Soybean sprout extract	70 mg
• Taurine	50 mg
• Vitamin C	10 mg
• other ingredients.	

### Persimmon

Persimmon extract supports intestinal health and supports smooth bowel movements.\*

### Goji Berry

Supports bowel health and gastrointestinal regularity.\*†

### Taurine

It is believed to protect the liver and may positively affect carbohydrate and lipid metabolism.\*†

### Buckwheat and Soy Sprout

Help support healthy blood lipid levels and provide liver health support.\*

### Citrus Peel

Helps to support total cholesterol, while protecting vitamin C from the effects of oxidative degradation.\*

### Vitamin C

May help support healthy blood vessels and a healthy lipid profile, potentially lowering cholesterol levels. It is a potent antioxidant that can neutralize free radicals and help protect cells from oxidative stress and damage caused by toxins and pollutants.\*

**Directions:**  +  × 2 [ one stick pack mixed with 3.4 fl oz (100 ml) of warm water twice a day with a meal ]

\*These statements have not been evaluated by the Food and Drug Administration. This product is not intended to diagnose, treat, cure or prevent any disease. Individual results may vary. Always consult with a healthcare provider before starting any new supplement regimen, especially if you have pre-existing health conditions or are taking medications.

## Ingredients per 1 Capsule:

• Glucosamine HCl	300 mg
• Chondroitin sulfate	250 mg
• MSM (Methylsulfonylmethane)	200 mg
• Vitamin C	50 mg
• Bamboo extract	7.5 mg
• Manganese	0.3 mg
• other ingredients.	

### **Chondroitin Sulfate**

Reinforces the structure of joints and cartilage and supports joint health. It may help block enzymes that break down cartilage, and provide the building blocks for the body to produce new cartilage.\*

### **MSM**

Plays an active role in the formation of collagen and keratin, both of which help maintain flexibility and joint mobility.\*

### **Vitamin C**

Works with MSM in synthesizing collagen; improves the structure of the skin.\*

### **Manganese**

Required for the body to synthesize its own chondroitin.\*

### **Bamboo Extract**

is recognized as a rich source of silicon, which is a mineral known for its potential benefits in supporting the health of bones, joints, and connective tissue. Silicon plays a role in the formation of collagen.\*

**Directions:**  +  × 2 [ one capsule twice a day with a meal ]

\* These statements have not been evaluated by the Food and Drug Administration. This product is not intended to diagnose, treat, cure, or prevent any disease.

# Garlic Extract

Item: 2151

Container: 90 Vegetable Capsules

## Ingredients per 1 Capsule:

- Garlic bulb extract 200 mg
- other ingredients.

### Garlic (*Allium sativum*)

Garlic contains phytoncides, allicin and other phytonutrients which help support immune health. Garlic supports the GI tract to support normal, healthy gut flora, intestinal motility, peristalsis, healthy blood vessels, and healthy blood flow.\*

**Directions:**  +  × 3 [ one capsule three times a day with a meal ]

\* These statements have not been evaluated by the Food and Drug Administration. This product is not intended to diagnose, treat, cure, or prevent any disease.

### Ingredients (per capsule):

- Mucosave®FG
- (Opuntia ficus indica cactus cladode extract and Olea europaea olive leaf extract) 200 mg
- L-glutamine 50 mg
- Deglycyrrhizinated licorice root extract (Glycyrrhiza glabra L.) 75 mg
- other ingredients

### Mucosave®FG

Opuntia cladodes are rich in polysaccharides that work to form a gel-like substance, thus helping to establish a protective lining for the stomach and intestines.\* Olive leaves contain polyphenols, known to help support the body in moderating certain processes and in providing soothing effects.\* A few clinical studies have evidenced the efficacy of Mucosave®FG in helping with occasional gastrointestinal discomfort in healthy adults who have gastroesophageal reflux (GER).\*

### Licorice root extract

DGL (Deglycyrrhizinated Licorice) extract, valued for centuries in traditional practices across China, India, Tibet, and Egypt, enhances digestive health. Its rich flavonoid content soothes the stomach, boosts mucus production for comfort, and maintains a healthy gut microbiome by fostering beneficial bacteria and limiting harmful ones. DGL also supports intestinal function and fights against oxidative stress (supporting antioxidant protection), making it a well-tolerated aid for overall digestive wellness.\*

### L-glutamine

L-glutamine, an amino acid, is a crucial energy source for cells of the gastrointestinal mucosa. L-glutamine plays a significant role in the repair and growth of intestinal cells. L-glutamine indirectly influences the health and balance of gut microbiota by providing an optimal environment. L-glutamine helps maintain normal intestinal functions by supporting nutrient absorption, immune response, and the integrity of the gut barrier.\*

### Directions:

× 2

[adults should take 1 capsule twice a day during or after meals]

\* These statements have not been evaluated by the Food and Drug Administration. This product is not intended to diagnose, treat, cure, or prevent any disease.

# Gotu Kola Extract

Item: 2149

Container: 60 Vegetable Capsules

## Ingredients per 1 Capsule:

- Gotu Kola herb extract 120 mg
- other ingredients.

## Gotu Kola

Gotu Kola supports the elasticity and integrity of blood vessel walls, may support healthy cerebral blood flow, and may help maintain healthy blood pressure levels.\* It helps promote healthy blood circulation and may help maintain healthy blood sugar levels.\* The plant's triterpenoid saponins aid in collagen formation, benefiting skin, joint, and vascular health.\* Additionally, its flavonoids may support cardiovascular health, particularly during periods of stress, and help maintain healthy coronary artery function, contributing to oxygen-rich blood flow to the heart.\*

**Directions:**  +  × 2 [ one capsule twice a day with a meal ]

\* These statements have not been evaluated by the Food and Drug Administration. This product is not intended to diagnose, treat, cure, or prevent any disease.

# Griffonia

Item: 91848

Container: 60 Capsules

## Ingredients per 1 Capsule:

- |                          |       |
|--------------------------|-------|
| • Griffonia seed extract | 50 mg |
| • Vitamin B6             | 2 mg  |
| • Vitamin B12            | 3 mcg |
| • other ingredients.     |       |

### Griffonia Seed

Griffonia contains 5-HTP, an amino acid that may support the brain and central nervous system by promoting the production of serotonin. Serotonin plays a role in sleep, appetite, pain, and mood. Vitamin B6 aids 5-HTP in the synthesis of endorphins, which may help improve mood and support the three sleep phases: somnolence, light sleep, and REM sleep. This combination may also support emotional well-being during PMS, helping to reduce occasional anxiousness, stress, and irritability.\*

### Vitamins B6 and B12

Play a leading role in the normal functioning of the nervous system, supporting the sleep-wake cycle and helping to promote emotional well-being. Deficiency of Vitamins B6 and B12 is often associated with symptoms of fatigue.

# H-500

Item: 91800/91883

Container: 60 Capsules/120 Capsules

## Ingredients per 1 Capsule:

- H-500 Proprietary Blend (Potassium citrate, Magnesium citrate, Potassium ascorbate, Silicon dioxide, Sodium borate) 300 mg
- other ingredients.

### H-500 Blend

A powerful blend that provides antioxidant support to help combat free radicals, aiding in physical and mental performance. It likely aids in post-workout recovery, improving muscle tone, sustaining energy levels, and increasing stamina during physical exertion, sports, or labor. It helps lessen some levels of lactic acid during heavy exercise, supporting its removal from muscles, thus aiding in muscle recovery and promoting circulation following exercise. It also helps reduce muscle tension, improve muscle tone, and increase firmness. It increases the body's energy potential by supporting cellular energy production while improving productivity during physical and mental work. It helps keep healthy cells from oxidizing and helps support the body's natural pH balance. This blend increases the energy potential of the body by supporting the production of cellular energy, while enhancing productivity during physical and mental work. It helps keep healthy cells from oxidizing and supports the body's natural pH balance. By sustaining energy potential for longer periods of time, it is beneficial for those involved in knowledge-based work, heavy industry, professional sports, and active leisure activities. Continued studies are needed to further explore the impact and potential of antioxidants on performance.\*

**Directions:**  × 2 [ one capsule twice a day ]

\* These statements have not been evaluated by the Food and Drug Administration. This product is not intended to diagnose, treat, cure, or prevent any disease.

# Iron

Item: 2123

Container: 60 Vegetable Capsules

## Ingredients per 1 Capsule:

- Iron 14 mg
- other ingredients.

## Iron (Bisglycinate)

Part of the makeup of the blood protein hemoglobin, which is vitally important for carrying oxygen from the lungs to all the body's tissues and organs.

Thus, iron plays a key role in energy metabolism within cells and helps prevent the onset of iron-deficient anemia.\* Iron is also an essential component of many enzymes and proteins involved in cholesterol metabolism, hemopoiesis, immune system function, and oxidation-reduction reactions, due to its role in the synthesis of antioxidant enzymes.\* Iron also makes up part of many enzymes and proteins that control cholesterol metabolism, hemopoiesis, immune system function, and oxidation-reduction reactions, thanks to its participation in the synthesis of antioxidant enzymes. Iron supports the growth and restoration of skin cells and contributes to the health of hair and nails.\*

Iron Bisglycinate, a chelated form of iron bound to glycine, is known for its higher bioavailability and better gastrointestinal tolerance compared to other forms of iron supplements.\*

**Directions:**  +  × 1 [ one capsule daily with a meal ]

\* These statements have not been evaluated by the Food and Drug Administration. This product is not intended to diagnose, treat, cure, or prevent any disease.

# Lax-Max

Item: 91117

Container: 120 Vegetable Capsules

## Ingredients per 1 Capsule:

• Psyllium husk	300 mg
• Magnesium	90 mg
• Inulin (from Chicory root)	70 mg
• Alfalfa leaf extract	50 mg
• Coral powder	30 mg
• Diatomaceous algae	24 mg
• Cascara bark	12 mg
• Senna leaf	12 mg
• Rhubarb root	12 mg
• Pau D'Arco bark	6 mg
• Black Walnut hull	6 mg
• Cloves flower bud	6 mg
• Bayberry root bark	6 mg
• Watercress leaf	6 mg
• Parsley leaf	6 mg
• Rosemary leaf	6 mg
• Echinacea herb	6 mg
• Fenugreek seed	6 mg
• other ingredients.	

### Psyllium Husks and Inulin

Psyllium husks, a soluble fiber, absorb water to form a gel, creating wave-like movements in the intestine to support healthy bowel movements for better intestinal tone.\* Inulin feeds the healthy bacteria in the gut, which plays a role in supporting the body's detoxification system.\*

### Cascara, Rhubarb, Senna, Watercress

Cascara, rhubarb, senna, and watercress support colonic wave-like movements (peristalsis) for the efficient passage of stool, while watercress supports overall digestive health.\*

### Alfalfa, cloves, rosemary, fenugreek, bayberry, and parsley

may help reduce gut fermentation and putrefaction, supporting and aiding the body's removal of toxins.\* Managing putrefaction (or decay) in the gut is important for digestive health to help prevent the accumulation of unhealthy substances building up in the intestines.\*

### Pau D'Arco and Black Walnut

support the body's immune system and may help maintain a healthy balance of gut bacteria.\*

## Directions:

[ four capsules in the morning before breakfast ]

\* These statements have not been evaluated by the Food and Drug Administration. This product is not intended to diagnose, treat, cure, or prevent any disease.

# Libidextra Men

Item: 2301

Container: 30 vegetable capsules

## Ingredients per 1 capsule:

• Cold-pressed pumpkin seed oil	250 mg
• EnoSTIM™ (grape and apple peel extracts, saffron)	200 mg
• Pine phytosterols	50 mg
• L-Arginine	30 mg
• Niacin	8 mg
• Selenium	25 mcg
• Bulgarian rose oil from flowers	100 mcg

### Patented EnoSTIM™ Complex

Synergistic phytocomplex contains polyphenols from grapes and apple peels and is further supplemented with saffron.\* The active ingredients in the complex help support blood flow in the pelvic organs and contribute to a healthy blood supply to the penis. EnoSTIM™ helps stimulate the synthesis of nitric oxide (NO), which plays a key role in supporting and maintaining normal erectile function.\* In addition, EnoSTIM™ helps protect unstable nitric oxide molecules from premature destruction by free radicals.\* A clinical study showed that as a result of taking EnoSTIM™ for 4 weeks, 75% of the men indicated improvement on the EHS (Erection Hardness Score) questionnaire, with half of the participants marking the highest score.\* \*\* EnoSTIM™ was named a top ingredient in the 2019 Nutraingredients Awards in the Healthy Aging category. (\*\*F Allaert, D Guillemet, R Schueller, F Herpin. Evaluation of the Effectiveness of Polyphenols from Grape and Apple Combined with Saffron on Erectile Function: An Observational Study. Arch Biomed Eng & Biotechnol.)

### Damask Rose Oil

A renowned essential oil with an alluring aroma, It unleashes sensuality and enhances feelings of attraction, and puts one in a romantic mood.\*

### L-Arginine

This amino acid plays an important role in the synthesis of nitric oxide, because nitric oxide is formed from L-arginine.\*

### Niacin (Vitamin B3)

is valued for its capacity to widen blood vessels, enhancing both overall blood flow and microcirculation. Furthermore, it plays a crucial role in supporting the nervous system and helping to reduce feelings of tiredness and fatigue.\*

### Selenium

an essential trace mineral, is vital for health and has been linked to benefits in longevity and male fertility. It acts to fight oxidative stress (antioxidant), protecting cells from damage and supporting immune and thyroid function, which are one of the keys to longevity. Selenium is important for male reproductive health, as it improves sperm motility and concentration, positively affecting fertility. Adequate selenium intake is necessary for optimal reproductive function in men.\*

### Phytosterols oils of pumpkin and pine seeds

Pumpkin seed oil contains beta-sitosterol, which in combination with phytosterols from pine supports prostate health.\*

Directions:

2-3

[ 2-3 capsules a day with meals ]

\* These statements have not been evaluated by the Food and Drug Administration. This product is not intended to diagnose, treat, cure, or prevent any disease.

# Libidextra Women

Item: 2302

Container: 30 vegetable capsules

## Ingredients per 1 capsule:

• Evening primrose seed oil (stabilized with mixed tocopherols)	250 mg
• Fenugreek seed extract (Libifem™)	200 mg
• L-Arginine	30 mg
• Niacin (nicotinamide)	8 mg
• Biotin	40 mcg
• Bulgarian rose oil from flowers	100 mcg
• Selenium (L-selenomethionine)	25 mcg

### The patented complex Libifem™

Standardized Fenugreek extract supports sex drive and libido in women and helps alleviate some of the signs of menopause. Some supporting evidence includes conducted clinical studies. Clinical studies have shown that women who take Libifem™ for 8 weeks have an increased sex drive<sup>1</sup>. Additionally, after a 4-week course of Libifem™ in pre-menopausal and menopausal women, there was a 30% decrease in menopausal symptoms such as hot flashes and night sweats. These symptoms were cut in half after 12 weeks<sup>2</sup>. Libifem™ was a finalist in the 2020 NutraIngredients Awards Asia.\*

### Damask Rose Oil

A renowned essential oil with an enticing scent. It helps stimulate your sensuality for a stronger attraction and may help create a romantic mood.\*

### Evening Primrose Oil

Gamma-linolenic and linoleic acids are among the richest sources of unsaturated fatty acids. In various clinical studies. It has been shown to have a positive effect on physical and psychological well-being in premenstrual and menopausal syndromes and breast Discomfort (mastalgia)<sup>3</sup>.

<sup>1</sup> PubMed: PMID: 25914334

<sup>2</sup> PubMed: PMID: 28707431

<sup>3</sup> PubMed: PMID: 31497576

**Directions:** 1-2  +  [ 1-2 capsules daily with meals. ]

\* These statements have not been evaluated by the Food and Drug Administration. This product is not intended to diagnose, treat, cure, or prevent any disease.

# Liposomal Curcumin

Item: 2165

Container: 3.38 fl oz (100 ml)

## Ingredients per 1 Serving:

- Cureit™ (Curcuma longa rhizome extract) 100 mg providing 50 mg of Curcumin;
- other ingredients.

## Ⓟ Curcumin

The powdered rhizome of turmeric has been extensively used in India and other South Asian cuisines, and is an integral part of Ayurvedic health practices for a broad range of health needs.\* Turmeric is a powder from the roots of the *Curcuma longa* plant, a plant component with a wide range of beneficial properties. In particular, curcumin, a major active component of turmeric, is one of the most studied botanicals for its role in supporting a healthy immune response.\* Supports oxidative stress-fighting (antioxidant) properties.\*

Directions:  × 1 [ 5 ml daily ]

\* These statements have not been evaluated by the Food and Drug Administration. This product is not intended to diagnose, treat, cure, or prevent any disease.

# Lipostick Fit

Item: 2169/216904

Container: 15 Stick Packs/4 Boxes x 15 Stick Packs

## Ingredients per 1 Stick Pack:

• Tangerine peel fermented	5 g
• Noni fruit juice	300 mg
• Green Tea leaf extract	26 mg
• L-Carnitine	50 mg
• Green coffee bean extract	5 mg
• Black Pepper fruit extract	1 mg
• Burdock root powder	1 mg
• other ingredients.	

### Tangerine Peel

Fermented Tangerine peel (*Citrus reticulata*) contains a flavonoid complex as one of the main product components.\*

### Green Coffee Bean Extract

Green Coffee Bean Extract contains caffeine and chlorogenic acid, which may support fat metabolism and contribute to healthy weight management.\* Chlorogenic acid may also support the body's natural ability to maintain healthy liver triglyceride levels and may help slow the formation of new fat cells.\* Together with caffeine, green coffee bean extract may enhance fat breakdown (lipolysis) and support energy levels.\* Continued research in this area is ongoing.\*

### Chromium

Chromium is important for maintaining healthy blood sugar levels and enhancing insulin sensitivity. A deficiency in chromium may lead to increased cravings for sweets, potentially resulting in higher intake of calories from sugary foods.\*

### Green Tea Leaf Extract

Green tea leaf extract is a rich source of phytonutrients, such as catechins that help neutralize free radicals. It's also known for supporting fat metabolism when combined with exercise.\* It helps protect the body from oxidative stress, may support the body's natural metabolism, and can contribute to supporting healthy blood sugar levels.\*

### L-Carnitine

an amino acid derivative with vitamin-like properties, plays a role in fat metabolism by transporting fats to the mitochondria, where they are converted into energy. Its potential effectiveness in reducing fat deposits and preventing fat accumulation is a continuing area of study.\*

### Noni

Noni fruit juice helps fight oxidative stress with its rich polyphenol content that neutralizes free radicals and may support the body's ability to manage healthy triglyceride levels. It enhances the body's antioxidant defenses, indirectly supporting enzymes like superoxide dismutase (SOD).\*

### Black Pepper Fruit Extract

Black pepper fruit extract, rich in the active compound piperine, may enhance nutrient absorption, offer oxidative stress-fighting and immune-supporting benefits, and may support metabolic health by potentially influencing the formation of new fat cells.\*

## Directions:

× 2

[ take one stick pack twice a day, can be taken directly, or mixed with a glass of water or juice ]

\* These statements have not been evaluated by the Food and Drug Administration. This product is not intended to diagnose, treat, cure, or prevent any disease.

# LymFlow

Item: 91865

Container: 90 Capsules

## Ingredients per 1 Capsule:

- |                              |        |
|------------------------------|--------|
| • Cherry pedicle extract     | 150 mg |
| • Black currant leaf extract | 150 mg |
| • Parsley leaf extract       | 75 mg  |
| • Hibiscus flower extract    | 50 mg  |
| • other ingredients.         |        |

### Cherry Pedicle

Supports the circulation of extracellular fluids (lymph) and vessel drainage, and supports healthy blood flow and healthy blood vessels.\*

### Black Currant Leaf

Supports vascular tone by aiding healthy blood vessel dilation and assisting the body's natural ability to flush excess fluids.\*

### Parsley

Helps support the body's ability to cleanse the lymph vessels of occasionally occurring, accumulated toxins and supports healthy lymph circulation and drainage.\* The contained vitamin C supports vessel elasticity and strength.\*

### Hibiscus Flower

Its oxidative stress fighting (antioxidant) properties help to support the integrity of blood vessel walls.\*

Directions:

+

× 3

[ one capsule three times a day with a meal ]

\* These statements have not been evaluated by the Food and Drug Administration. This product is not intended to diagnose, treat, cure, or prevent any disease.

# Memo-Prime

Item: 2181

Container: 30 Vegetable Capsules

## Ingredients per 1 Capsule:

• Memophenol™ (French grape fruit extract Wild blueberry fruit extract)	300 mg
• Green tea leaf extract	50 mg
• Zinc	2.3 mg
• Vitamin B6	2 mg
• Folic Acid	100 mcg
• Vitamin B12	3 mcg
• other ingredients.	

### Memophenol

The Complex Memophenol™ combines extracts of French grapes and wild blueberries rich in polyphenols.\* For this complex, the French grape varieties Pinot Noir and Chardonnay from the Champagne region were selected, which contain a large amount of catechins and resveratrol, giving these varieties exceptional oxidative-stress fighting (antioxidant-like) properties. Some studies suggest that Wild blueberry (*Vaccinium angustifolium* A\*) contains phenolic acids, flavonols, and anthocyanins and helps to support working memory and focus.\*

### Green Tea Leaf Extract

Green tea leaf extract contains a large number of polyphenols, among which the most significant are catechin, epicatechin, gallic acid, and epigallocatechin. An important component of the extract is theanine amino acid, which enhances stress resistance and helps reduce tension and irritation by promoting relaxation.\*

### Vitamins (B6, B9, B12)

Vitamins B6, B9, and B12 are essential for nerve impulse transmission, serotonin and neurotransmitter synthesis, and maintaining brain health, significantly influencing mood, cognition, and sleep. They also indirectly support blood circulation.\*

Directions:

×

1

[ one capsule per day before mid-afternoon ]

\* These statements have not been evaluated by the Food and Drug Administration. This product is not intended to diagnose, treat, cure, or prevent any disease.

### Ingredients 1 stick (0.7 Fl. oz.) (20 ml) contains:

- Musa paradisiaca (banana) pulp extract 10 g
- Lactobacillus plantarum water-substrate from orange peels (TCI507) 2.5 g
- Lactobacillus plantarum water-substrate from Korean kimchi (TCI378) 2.5 g
- Vitamin B6 (pyridoxine hydrochloride) 2 mg

### Active Lactobacillus plantarus metabolites from orange peel and Korean kimchi

Biologically active metabolic products (metabolites) that support lactobacilli. These components help maintain healthy gut microflora and support healthy digestion to help ease flatulence and occasional digestive discomfort.\* Studies suggest that, in addition to supporting GI tract health, metabolites of one of the strains may aid in bile acid metabolism and support healthy fat metabolism.\*

### Banana pulp extract

It contains fructooligosaccharides (FOS), soluble fiber, organic acids, minerals (especially potassium and magnesium), and vitamins A, C, E, and B-group vitamins. FOS (fructooligosaccharides) and soluble fiber are foods for healthy gut bacteria, which can stimulate their activity, support healthy bowel peristalsis, and contribute to lipid and carbohydrate metabolism.

### Vitamin B6

Vitamin B6 is essential for normal liver functions, absorption of vitamin B12, and regulation of digestive enzymes. It is also necessary for the nervous and cardiovascular systems. Disruptions in intestinal microflora can contribute to lower levels of vitamin B6 because food absorption and endogenous synthesis occur in the intestines.\*

**Directions:** 1-2  x 1 [ 1-2 sticks a day right before meals. Mix the contents of one stick in half a cup (100 ml) of water or juice. ]

\* These statements have not been evaluated by the Food and Drug Administration. This product is not intended to diagnose, treat, cure, or prevent any disease.

## Ingredients per 1 Capsule:

• Acetyl-L-Carnitine Hydrochloride	250 mg
• St. John's Wort herb extract	75 mg
• Gotu Kola leaf extract	50 mg
• L-Tyrosine	50 mg
• L-Theanine	40 mg
• Reishi mushroom extract	30 mg
• Reishi mycelium extract	20 mg
• Alpha-Lipoic acid	20 mg
• Ginger root extract	15 mg
• Ginkgo leaf extract	12 mg
• Rosemary leaf extract	5 mg
• Vitamin B6	2 mg
• Folic acid	50 mcg
• Vitamin B12	3 mcg
• other ingredients.	

### Tyrosine and Theanine

Theanine and Tyrosine are amino acids that support brain function and are indirectly related to learning and memory.\* Theanine is known for its calming effects, mitigating the effects of stress, and improving mood.\* Tyrosine is a precursor to neurotransmitters which are involved in stress response and cognitive function, helping with cognitive performance during stress.\* They both may help contribute to an improved emotional state.\*

### Ginger Root, Ginkgo Biloba, and Rosemary

are free radical fighters that help reduce oxidative stress (with antioxidant-like properties).\* They may enhance cognitive function and support healthy blood flow, potentially reducing fatigue and improving stress resilience.\*

### Reishi Mushroom

Traditional use and certain scientific evidence indicates that Reishi Mushroom provides immune support, supports healthy cholesterol levels, supports healthy blood vessels and healthy nerve cell function. As an adaptogen, bioactive compounds help the body adapt to stress.\*

### Vitamins B6, B9, and B12

are essential for brain health and contribute to maintaining a healthy sleep cycle.

### Lipoic Acid

Lipoic acid, also known as alpha-lipoic acid (ALA), supports nerve health and acts as an antioxidant, helping to protect neurons from oxidative stress. It supports the body's nerve functioning.\*

**Directions:**  +  × 1 [ one capsule daily with a meal ]

\* These statements have not been evaluated by the Food and Drug Administration. This product is not intended to diagnose, treat, cure, or prevent any disease.

### Ingredients per 1 Capsule:

• MSM (methylsulfonylmethane)	750 mg
• Vitamin C	50 mg
• Magnesium	4 mg
• Biotin	50 mcg
• other ingredients.	

### **MSM (Methylsulfonylmethane)**

As a readily absorbable form of sulfur, MSM is essential for building key biomolecules such as proteins (vital for immune function), enzymes and hormones. Sulfur is a key element in keratin, the primary protein found in the skin, hair, and nails, and it contributes to the production of collagen and elastin, essential proteins in connective tissue.\*

### **Biotin**

Known as the "beauty vitamin," supports keratin production, enhancing hair and skin health, strengthening nails, and regulating sebaceous (oil-producing) glands of the skin.\*

### **Vitamin C**

It aids in making collagen and elastin.\* Its antioxidant properties also help slow down the appearance of skin aging by neutralizing free radicals that can damage skin cells.\*

**Directions:**  +  × 1 [ one capsule daily with a meal ]

\* These statements have not been evaluated by the Food and Drug Administration. This product is not intended to diagnose, treat, cure, or prevent any disease.

# O!Mega-3 TG

Item: 2194/2191

Container: 30/90 Capsules

## Ingredients per 1 Capsule:

- Omega-3 PUFA fish oil concentrate from oceanic fish (anchovies, sardines, mackerel, tuna) 650 mg  
Including
  - EPA (Eicosapentaenoic acid) 360 mg
  - DHA (Docosahexaenoic acid) 240 mg
- Vitamin E (D-alpha-tocopherol) 6.71 mg

### DHA (docosahexaenoic acid) and EPA (eicosapentaenoic acid)

Cold-water sea fish fat is a primary source of high-value Omega-3 PUFAs (EPA and DHA). The body cannot produce these nutrients, and they must come from food or supplements. Omega-3 PUFAs play crucial roles in maintaining heart, immune, nervous, and eye health.

### Vitamin E

Vitamin E in its active form, D-alpha-tocopherol, protects cells from oxidative stress. An excellent source of antioxidant vitamin E.

Directions:

+

× 3

[ one capsule 3 times a day with meals ]

\* These statements have not been evaluated by the Food and Drug Administration. This product is not intended to diagnose, treat, cure, or prevent any disease.

## Ingredients per 1 Stick Pack:

- Deep ocean minerals concentrated powder 1 g

### Magnesium

The main component of the composition for a reason: A deficiency in magnesium may be associated with symptoms such as fatigue, lethargy, reduced efficiency, insomnia, and irritability.\* Magnesium regulates the excitability and conductivity of nervous tissue in the human body. It also participates in the synthesis of most neuropeptides in the brain, which regulate behavioral and adaptive responses, control circadian rhythms and eating behavior, and play an important role in memory and learning mechanisms. Magnesium supports muscle relaxation (including the heart) and may help relieve spasms that can occur after intense physical activity or stress.\*

### Other composition minerals

It is well-known that the mineral composition of the body is represented by various macro and microelements, each of which performs its own function, and together which ensure the coordinated work of all systems and organs.\* Oceanmin, in addition to magnesium, potassium, sodium, and calcium, contains trace marine minerals, which helps support the body's ability to maintain homeostasis.\*

**Directions:**  [ dissolve contents of one stick pack in 25.4 fl.oz (750 ml) of room temperature water, mix well and drink during the day ]

\* These statements have not been evaluated by the Food and Drug Administration. This product is not intended to diagnose, treat, cure, or prevent any disease.

# Omega 3 Oranges

Item: 2113

Container: 30 Chewable Capsules

## Ingredients per 1 Capsule:

- Fish oil 500 mg (EPA 80 mg; DHA 50 mg);
- other ingredients.

## Fish Oil (Omega-3 PUFAs)

Omega-3 fatty acids, especially EPA and DHA, are important for children's health. Optimal levels of these fatty acids have a beneficial effect on children's cognitive abilities, memory, the ability to perceive information, and motor-visual coordination.\* Multiple studies have shown that Omega-3 supplementation may help to support positive behavior, reduce certain impulsivity and boost attention performance in kids.\*

**Directions:**  × 1 [ children over four years old chew one capsule daily ]

\* These statements have not been evaluated by the Food and Drug Administration. This product is not intended to diagnose, treat, cure, or prevent any disease.

## Ingredients per 1 Capsule:

- Rose hips fruit extract 200 mg
- Long Pepper fruit extract 100 mg
- Aspen bark extract 100 mg
- Deglycyrrhizinated Licorice root extract 100 mg
- Yarrow flower extract 50 mg
- Tansy flower extract 20 mg
- other ingredients.

### Rose Hips

Help improve skin moisture, elasticity, and support skin integrity.\*

### Aspen Bark

It supports healthy immune system modulation primarily due to the presence of salicin, and it indirectly contributes to the body's defenses against certain unwanted guests.\*

### Deglycyrrhizinated Licorice Root

Deglycyrrhizinated licorice (DGL) is licorice root processed to remove glycyrrhizin, enhancing tolerance. DGL supports gastrointestinal health by promoting the protective mucous lining of the GI tract and aiding digestive comfort and the regrowth of the GI lining.\*

### Long Pepper Extract

Supports metabolism and digestion; supports the body's ability to normalize the motor-secretory functioning of the GI tract.\*

### Yarrow Flower (*Achillea millefolium*)

Supports the functioning of the gastrointestinal tract and healthy mucous membranes.\*

### Tansy Flower (*Tanacetum vulgare*)

has been traditionally used for its vermifugal (unwelcome guest-expelling) properties and may have some supportive effects on digestion and the immune system.\*

**Directions:** 2  +  × 2 [ two capsules twice a day with a meal ]

\* These statements have not been evaluated by the Food and Drug Administration. This product is not intended to diagnose, treat, cure, or prevent any disease.

# ParaFight

Item: 2124

Container: 90 Vegetable Capsules

## Ingredients per 1 Capsule:

• Black Walnut leaf extract	150 mg
• Clove fruit extract	45 mg
• Gentian root extract	35 mg
• Chamomile flower extract	35 mg
• Long Pepper fruit extract	25 mg
• Yarrow plant extract	25 mg
• Althaea root extract	25 mg
• Garlic bulb	20 mg
• Mint leaf extract	20 mg
• Thyme leaf extract	20 mg
• Sage leaf extract	20 mg
• Oregano leaf extract	20 mg
• other ingredients.	

### Black Walnut Leaf

It contains an active ingredient, Juglone, that supports healthy bowel function, a healthy immune system, and helps support the body during occasional exposure to unwanted guests.\*

### Thyme Leaf

It is a source of Thymol, which is especially effective in supporting the body's ability to get rid of unwanted guests as occurs from exposure.\*

### Gentian Root

Supports the body's ability to protect the liver and supports healthy digestion.\*

### Long Pepper

It contains a chemical called piperine, which supports the body's absorption of certain nutrients.\*

### Garlic

Garlic supports the body's defenses.\*

### Sage Leaf and Oregano Leaf

Sage Leaf and Oregano Leaf complement the ingredients of the product by helping fight oxidative stress, supporting immune health, promoting digestive health for smooth bowel movements, and healthy skin support.\*

**Directions:** 2  +  × 2 [two capsules twice a day with a meal]

\* These statements have not been evaluated by the Food and Drug Administration. This product is not intended to diagnose, treat, cure, or prevent any disease.

# Pau D'Arco Bark

Item: 2190

Container: 90 Vegetable Capsules

## Ingredients per 1 Capsule:

- Pau D'Arco Bark powder 500 mg
- other ingredients.

## Pau D'Arco Bark

Pau D'Arco has a long history in traditional practices around the world. Pau D'Arco, derived from the inner bark of *Tabebuia* trees, contains compounds like lapachol and beta-lapachone, believed to support the body's immune system and microbial fighting abilities.\*

**Directions:**  +  × 1-2 [ one capsule once or twice a day with a meal ]

\* These statements have not been evaluated by the Food and Drug Administration. This product is not intended to diagnose, treat, cure, or prevent any disease.

# Pau D'Arco with Mate

Item: 2125

Container: 90 Vegetable Capsules

## Ingredients per 1 Capsule:

- |                           |        |
|---------------------------|--------|
| • Pau D'Arco bark extract | 200 mg |
| • Olive leaf extract      | 70 mg  |
| • Mate leaf extract       | 30 mg  |
| • other ingredients.      |        |

### Pau D'Arco Bark Extract

Pau D'Arco, derived from the inner bark of *Tabebuia* trees, contains compounds like lapachol and beta-lapachone, believed to support the body's immune system and microbial fighting abilities.\*

### Olive Leaf Extract

Olive leaf extract supports healthy blood vessels, healthy blood flow, the immune system, and vitality.\* Polyphenols are plant-based nutrients that fight oxidative stress, contributing to cardiovascular health and immune health.\*

### Mate Leaf Extract

Yerba mate (leaf extract) is a plant grown mainly in South America (Brazil, Paraguay). Mate works with Pau D'Arco to help support the body's healthy blood flow.\* It helps to alleviate occasional fatigue and stress, support positive mood, increase performance and support resistance to stress.\*

Directions:

3

× 1

[ three capsules once a day before mid-afternoon with a meal ]

\* These statements have not been evaluated by the Food and Drug Administration. This product is not intended to diagnose, treat, cure, or prevent any disease.

# Pau D'Arco with Selenium

Item: 2153

Container: 90 Vegetable Capsules

## Ingredients per 1 Capsule:

- Pau D'Arco bark powder 500 mg
- Vitamin C 60 mg
- Selenium 30 mcg
- other ingredients.

### Pau D'Arco Bark

Pau D'Arco bark, known for its strength and resilience, contains more than 20 bioactive compounds such as quinoids, flavonoids, and beta-lapachone. These compounds have potential health benefits and are studied for their roles in supporting the immune system and supporting the body's defenses against microbes by protecting cells during oxidative stress.\*

### Vitamin C

Vitamin C helps with the absorption of selenium, supports the health of blood vessel walls, and plays a role in the creation of protective proteins in the body.\*

### Selenium

Selenium, a key mineral with antioxidant properties, helps protect against oxidative stress and premature signs of aging, supports tissue integrity and function, and is vital for immune function, enhancing immune cell activity and supporting strengthening of the body's defenses.\*

**Directions:**  +  × 1 [ one or two capsule daily with a meal ]

\* These statements have not been evaluated by the Food and Drug Administration. This product is not intended to diagnose, treat, cure, or prevent any disease.

# PentoKan

Item: 2141

Container: 20 Effervescent Tablets

## Ingredients per 1 Tablet:

• Potassium	420 mg
• Vitamin C	100 mg
• Ribose	20 mg
• other ingredients.	

### **(M)** Potassium

Potassium supports the pH and electrolyte balance, maintaining them at stable levels within the body. It is important for heart health. Low potassium levels may affect heart rhythm.\* Simply put, potassium is necessary for carrying out the most important processes of vital activity: relaying nerve impulses (signal) in cells, ensuring a healthy heart rhythm, water-salt balance, and regulating cellular metabolism.\*

### **(V)** Vitamin C

Vitamin C is necessary for antioxidant protection and for collagen synthesis, which strengthens blood vessel walls, supporting the health of blood vessels and the production of important proteins.\*

### **(+)** Ribose

Ribose is a carbohydrate essential for ATP synthesis, crucial for energy storage and utilization in biochemical reactions. Its role in energy metabolism may support cellular health. Adenosine triphosphate (ATP), is a high energy molecule in cells that is generated within the mitochondria, or powerhouse of the cell.\*

**Directions:**  +  × 1-2 [ one tablet dissolved in 2 fl oz (60 ml) of water or fruit juice once or twice a day with a meal ]

\* These statements have not been evaluated by the Food and Drug Administration. This product is not intended to diagnose, treat, cure, or prevent any disease.

# PhytoMix#1

Item: 91859

Container: 90 Capsules

## Ingredients per 1 Capsule:

• Hawthorn berry extract	200 mg
• Motherwort leaf extract	130 mg
• Hibiscus flower extract	100 mg
• Coffee green seed extract	70 mg
• Skullcap root extract	30 mg
• other ingredients.	

### Hawthorn Berry

Hawthorn berry supports healthy blood circulation, blood vessels, and elasticity and helps fight oxidative stress. This may be due to the berry's bioactive compounds, which help fight free radicals. Hawthorn berry also supports the liver.\*

### Green Coffee Bean

Green coffee, unroasted beans with higher chlorogenic acid than roasted ones, may offer health benefits such as supporting blood vessel health, supporting healthy blood pressure levels, supporting healthy blood sugar levels, and supporting metabolism and weight management.\* It helps fight oxidative stress.\*

### Motherwort Leaf (*Leonurus cardiaca*)

is traditionally used for its calming effects and is believed to support healthy blood vessels and relieve occasional stress.\*

### Skullcap (*Scutellaria baicalensis*, Chinese skullcap)

is used in traditional Chinese practices. Two major flavonoids, baicalin and baicalein, support healthy nerve cells, healthy heart contractions, and immune health.\*

### Hibiscus Flower

Contains beneficial phytonutrients and has been found to support healthy blood pressure levels.\*

Directions:

2

+

× 1

[ two capsules once a day before mid-afternoon with a meal ]

\* These statements have not been evaluated by the Food and Drug Administration. This product is not intended to diagnose, treat, cure, or prevent any disease.

# PhytoMix for Women

Item: 2173

Container: 30 Vegetable Capsules

## Ingredients per 1 Capsule:

• $\beta$ -alanine	400 mg
• Lifenol® Hops extract	100 mg
• Flax seed lignan complex	30 mg
• Saffron flower extract	20 mg
• other ingredients.	

### **$\beta$ -alanine**

is a naturally occurring amino acid in the body that helps form Carnosine, which helps buffer acids in muscles, enhancing physical performance during short intensity, high endurance exercise. B-Alanine buffers pH, which may help support metabolic efficiency and thermoregulation, making it plausible that it could assist with occasional temperature fluctuations, such as those experienced during menopause, such as hot flashes.\* Indirect factors influence include fatigue and support during stressful times.\*

### **Flax Seeds**

Flax seeds are among the richest sources of lignans, plant compounds with estrogen-like effects. These lignans can help balance female hormone levels in the body and may contribute to breast health by supporting the health of the lacteal glands.\*

### **Hop Cones**

Hop cones (from the hop plant) exhibit calming properties that can alleviate occasional irritability. They support positive mood and sleep quality. Their phytoestrogens support the body's menstrual cycle regulation and female hormones.\*

### **Saffron Flower**

Contains crocin and safranal, which fight free radicals and oxidative stress, enhance mood, and help with a sense of calm.\*

## Directions:

+

× 3

[ one capsule three times a day with a meal ]

\* These statements have not been evaluated by the Food and Drug Administration. This product is not intended to diagnose, treat, cure, or prevent any disease.

# Premium Plankton Oil

Item: 2192

Container: 60 capsules of fish gelatin

## Ingredients per 1 Capsule:

- Zooca™ Calanus Oil (Calanus finmarchicus) 500 mg
- including omega-3 fatty acids 92.5 mg
- Astaxanthin 0.3 mg
- Vitamin E (as D-alpha tocopherol) 3.4 mg
- other ingredients.

### Calanus Oil

Calanus is a miniature crustacean and a representative of zooplankton widely found in the cold waters of the North Atlantic. Calanus Oil is a completely natural product. It contains unsaturated fats, primarily omega-3, and the carotenoid astaxanthin. The fats in calanus have a unique form of wax esters and are digested slowly, unlike the triglyceride, ethyl ester, and phospholipid forms commonly found in fish and krill oil. Due to its slow digestion, calanus oil reaches the lower parts of the intestine, where it can have an impact on maintaining normal metabolism. Astaxanthin belongs to the group of carotenoid pigments and gives calanus oil its vibrant red color.

The harvesting of calanus does not harm the population or marine environment, and the oil production process is chemical-free, making it an environmentally friendly product. Scientific research is still evolving.\*

### Vitamin E

An antioxidant that protects cells from damage caused by free radicals. Its antioxidant properties help to maintain skin hydration, keeping it firm and supple. For this reason, Vitamin E is often regarded as the "youth vitamin," as it supports healthy aging.\*

**Directions:**  +  × 2 [ take one capsule twice a day with food ]

\* These statements have not been evaluated by the Food and Drug Administration. This product is not intended to diagnose, treat, cure, or prevent any disease.

# Premium Spirulina

Item: 2163

Container: 200 Tablets

## Ingredients per 1 Tablet:

- Spirulina 500 mg.

## Spirulina

Spirulina is called blue-green algae, or cyanobacteria and they can photosynthesize, like plants. Spirulina contains some amino acids, some fatty acids, and some vitamins, and minerals, Spirulina has been known to be called a "superfood." Phytonutrients, polyphenols, flavonoids including some carotenoids help combat free radicals and fight oxidative stress. Spirulina supports healthy metabolism, supports the body's detoxification process, supports healthy cholesterol levels, and supports weight management when combined with a healthy diet and exercise regimen.\*

**Directions:** 2  +  × 2 [ two tablets twice a day with a meal ]

\* These statements have not been evaluated by the Food and Drug Administration. This product is not intended to diagnose, treat, cure, or prevent any disease.

# Prenatal +

Item: 2140

Container: 30 Softgel Capsules

## Ingredients per 1 Capsule:

• DHA (from fish oil)	200 mg
• Niacin	15 mg
• Vitamin E	13 mg
• Pantothenic acid	6 mg
• Zinc	2.25 mg
• Vitamin B6	1.9 mg
• Vitamin B2	1.5 mg
• Vitamin B1	1.2 mg
• Folate	400 mcg
• Iodine	150 mcg
• Biotin	50 mcg
• Selenium	30 mcg
• Vitamin D3	5 mcg
• Vitamin B12	3.5 mcg

### Fish Oil (Omega-3 PUFAs)

They are important for the development of the nervous system. DHA is one of the key components that ensures the health of expectant mothers and their newborns.\*

### B Vitamins

B-group vitamins support brain function and play an important role in metabolic processes during the formation of the fetus.\*

### Selenium and Zinc

Adequate levels of these minerals are important during pregnancy, as a deficiency in selenium or zinc may increase the risk of congenital anomalies in newborns.\*

### Vitamin D

promotes calcium absorption.\* During pregnancy, this vitamin is especially important, as without it, calcium absorption may be significantly reduced.\*

### Vitamin E

Vitamin E, known for its antioxidant properties, plays a role in supporting a healthy pregnancy environment, potentially benefiting placental health and contributing to child development. Some evidence supports that Vitamin E may have positive effects on ovarian function. Adequate vitamin E intake is important for pregnant women.\*

### Iodine

It is important for the normal functioning of the thyroid.\*

**Directions:**  +  × 1 [ one capsule daily with a meal ]

\* These statements have not been evaluated by the Food and Drug Administration. This product is not intended to diagnose, treat, cure, or prevent any disease.

# Promarine Collagen Peptides

Item: 2260/226003

Container: 10 Vials of 1.7 fl oz (50 ml)/3 Boxes x 10 Vials

## Ingredients per 1 Vial:

• Hydrolyzed Fish Collagen	10 g
• Vitamin C	100 mg
• Vitamin B6	1.4 mg
• Spinach leaf powder	1 mg
• Biotin	50 mcg
• other ingredients.	

## Collagen Peptides

Collagen peptides (low molecular weight collagen) are short chains of amino acids that form the basis of collagen and keratin, one of the main proteins of the human body. Collagen is present in many organs and tissues, and 2/3 of the skin consists of collagen, which determines its elasticity, smoothness, and density. After 25 years of age, collagen production begins to decline, and by the age of 60, no more than half of the original level may remain in the body. With age, collagen fibers become thicker, and their number and elasticity decrease, which leads to sagging and thinning of the skin and the appearance of static wrinkles.

There are currently 28 different types of collagen identified. More than 90% of the collagen in the skin is of the 1st and 3rd types. Therefore, their replenishment is especially important to prevent age-related changes.\*

## Vitamin C

Vitamin C stimulates the production of collagen, elastin, and hyaluronic acid by fibroblasts.\*

## Biotin

Biotin, the "beauty vitamin," is essential in supporting keratin, the key protein responsible for healthy hair and nails. Biotin indirectly supports sebaceous gland function, which produces an oily substance to help moisturize and protect the skin.\*

## Vitamin B6

Vitamin B6 is essential for the synthesis of amino acids and supports metabolic processes in the skin and mucous membranes.\*

## Blueberries and Spinach

Spinach and blueberries are known for their antioxidant properties and nutritional benefits. While present in small amounts, they contribute to the overall blend of nutrients that support general health and well-being.\*

## Directions:

× 1

[ take one serving (50 ml) per day, can be taken directly, or mixed with a glass of water or juice ]

\* These statements have not been evaluated by the Food and Drug Administration. This product is not intended to diagnose, treat, cure, or prevent any disease.

# Promarine Collagen Tripeptides

Item: 2270/227003

Container: 10 Vials of 1.7 fl oz (50 ml)/3 Boxes x 10 Vials

## Ingredients per 1 Vial:

• Fish Collagen Hydrolysate MAXICOLLAGEN	15000 mg
• including tripeptides	3500 mg
• Hibiscus Sabdariffa Flower Extract	1500 mg
• White Currant Fruit Extract (Ribes rubrum)	700 mg
• Vitamin C (L-ascorbic acid)	100 mg
• Hyaluronic Acid	72 mg
• Vitamin B6	1.8 mg
• Vitamin B2	1.7 mg
• Spinach Leaves	1 mg
• Biotin	50 mcg
• other ingredients.	

### MAXICOLLAGEN

Low molecular weight collagen is obtained by enzymatic hydrolysis technology using endo- and exopeptidases. This process allows a controlled separation of collagen into peptides and tripeptides.\*

### Hibiscus extract

Slows transepidermal moisture loss, stimulates hyaluronic acid synthesis, promotes skin elasticity and firmness and helps to reduce the appearance of expression marks.\*

### White Currant Extract

Is particularly beneficial for mature skin, as it contributes to slowing down melanin synthesis and helps reduce pigmentation. The skin thus retains a more homogeneous tone.\*

### Hyaluronic Acid

Retains moisture in the skin ensuring optimal hydration levels. Together with vitamin C and spinach, it stimulates collagen synthesis and provides protection against oxidative stress. It contributes to smooth and radiant skin.\*

### Vitamins B2, B6 and B7 (biotin)

Are involved in cell regeneration and tissue renewal, which promotes healthy skin, hair and nails.\*

## Directions:

× 1

[ take one serving (50 ml) per day, can be taken directly, or mixed with a glass of water or juice ]

\* These statements have not been evaluated by the Food and Drug Administration. This product is not intended to diagnose, treat, cure, or prevent any disease.

# Protivity Ultra

Item: 2178

Container: 150 Caplets

## Ingredients per 1 Serving (5 Caplets):

• L-Leucine	1.25 g
• L-Isoleucine	625 mg
• L-Valine	625 mg
• L-Lysine HCl	600 mg
• L-Arginine	500 mg
• L-Phenylalanine	500 mg
• L-Glutamine	500 mg
• L-Citrulline	400 mg
• L-Threonine	300 mg
• L-Histidine HCl	200 mg
• L-Cysteine	100 mg
• other ingredients.	

## Amino acids

This is a balanced composition of essential (valine, leucine, isoleucine, lysine, threonine, phenylalanine, histidine), nonessential (arginine, glutamine, citrulline), and conditionally-essential (cysteine) amino acids. It has minimal calories (only 7 kcal, 0.3 g of carbohydrates and 1 g of protein in each tablet), and consists of easily-digestible amino acids with a high degree of availability and efficiency, obtained by modern biotechnological methods (fermentation and hydrolysis).

Amino acids make up proteins, which are complex organic substances consisting that form the basis of all cellular structures, from which our muscles, internal organs, skin, hair, nails, and other tissues are built. In addition, they regulate metabolism, help build immunity, accelerate and direct chemical reactions, and are responsible for tissue repair.

Protivity Ultra provides a fast and efficient source of ready-made amino acids.\* The balanced composition of this amino acid complex helps provide the body with nutrients that are relatively quickly absorbed.\* This can be helpful to those who have a somewhat unbalanced diet, are undergoing various restrictive diets, or are lactose intolerant.\* In addition, this product can be beneficial in case of occasional problems with the digestive processes, increased physical and intellectual and cognitive stress, to support the body's accelerated regeneration after injuries, and when needing immune support or when experiencing some loss of strength.\*

**Directions:** 50 × 1 [ take 5 caplets each day with an 8-12 oz. glass of water ]

\* These statements have not been evaluated by the Food and Drug Administration. This product is not intended to diagnose, treat, cure, or prevent any disease.

# Pure-C 500 mg

Item: 2185

Container: 60 Vegetable Capsules

## Ingredients:

### PUREWAY-C™:

- Vitamin C (L-ascorbic acid) 500 mg
- Citrus bioflavonoids from fruit extract, (Citrus sinensis, Citrus limon, Citrus aurantifolia, Citrus reticulata, Citrus tangerina) and fatty acids from rice bran oil (Oryza sativa L)
- other ingredients.

## V Vitamin C

Fresh vegetables and fruits are the primary sources of Vitamin C, but improper storage or thermal processing can significantly reduce its content. Vitamin C is a crucial antioxidant that protects the cells of organs and tissues from damage by free radicals, activating the body's protective functions. It promotes healthy immune function\*, protects against oxidative stress\*, promotes collagen synthesis and maintains the health of skin, vessels, bones, teeth, joints, and gums\*, supports the regulation of the nervous system, helps increase endurance and reduce fatigue\*, and is a potent source of antioxidant vitamin C.\* Vitamin C protects cells from damage by free radicals and activates the body's protective functions. It is involved in synthesizing collagen and elastin, endogenous hyaluronic acid, steroid hormones, and active forms of folic acid, Vitamin D, and many other enzymes. Vitamin C supports protein and carbohydrate metabolism and enhances the absorption of calcium, iron, and zinc. It also plays a role in cholesterol synthesis and metabolism and helps eliminate toxic substances such as lead, copper, mercury, and vanadium from the body. Additionally, Vitamin C supports the health and integrity of blood vessels and contributes to overall endurance. Reference: PubMed: PMID: 33598475

## PUREWAY-C™

To improve the bioavailability and stability of Vitamin C, plant fatty acids and citrus bioflavonoids are included in the patented form of PUREWAY-C™.\* Clinical studies have shown that Vitamin C from PUREWAY-C™ stays in the body 233% longer than conventional forms of Vitamin C, is well-tolerated by the gastrointestinal tract, and activates the body's protective functions.\*

**Directions:**  +  × 1 [ one capsule daily with food or right after meals ]

\* These statements have not been evaluated by the Food and Drug Administration. This product is not intended to diagnose, treat, cure, or prevent any disease.

# Quattrobiotic Formula

Item: 2321

Container: 30 Vegetable Capsules

## Ingredients:

- Probiotic Blend JPL934™:
  - Lactobacillus plantarum 3.4\*10<sup>9</sup> CFU/capsule
  - Bifidobacterium lactis 4.95\*10<sup>9</sup> CFU/capsule
  - Lactobacillus johnsonii 1.65\*10<sup>9</sup> CFU/capsule
  - Lactobacillus rhamnosus 2\*10<sup>9</sup> CFU/capsule
- Inulin 50 mg
- other ingredients.

### The patented probiotic blend JPL934™

The patented probiotic blend JPL934™ includes three strains of bacteria (Bifidobacterium lactis, Lactobacillus plantarum, and Lactobacillus johnsonii) that naturally reside in the gut and help maintain microbiota balance. When the balance of beneficial bacteria is affected by stress, unbalanced diets, and other factors, the synergistic combination of bifidobacteria and lactobacilli supports digestive health and immune function.

### Lactobacillus rhamnosus

Lactobacillus rhamnosus is the most studied species of lactobacilli, which has the ability to adhere to the intestinal walls, forming a protective layer and enhancing its barrier function.

Stomach acid can destroy some probiotics before they pass through the digestive tract. The patented QSHIELD four-layer coating helps protect them in the stomach's acidic environment and supports their delivery to the intestines. Thanks to QSHIELD, probiotic microorganisms reach their target in optimal quantities, contributing to the product's effectiveness.

### Inulin (from chicory roots)

Inulin (from chicory roots) is a plant-based prebiotic that serves as food for beneficial bacteria in the gut, helping promote their growth and activity and supporting a healthy gut microbiota balance.\*

**Directions:**  × 1-2 [ one capsule once or twice a day before a meal ]

\* These statements have not been evaluated by the Food and Drug Administration. This product is not intended to diagnose, treat, cure, or prevent any disease.

### Ingredients per 1 Capsule:

- |   |        |
|---|--------|
| • Myo-Inositol  | 350 mg |
| • Safr'Inside™<br>Saffron ( <i>Crocus sativus</i> L.)<br>stigma extract | 30 mg  |
| • Zinc  | 2.3 mg |
| • other ingredients.  |        |

#### Safr'Inside™

Safr'Inside: One of the only encapsulated saffron extracts available today.\* The extract manufacturer, French biotech company Activ'Inside, uses a high concentration of Iranian Sargol saffron.\* The patented gentle extraction process preserves the active substances of saffron and provides the highest content of safranal (2%), which is 10 times more than in non-encapsulated saffron extracts.\* Some research findings on saffron's impact on neurotransmitter regulation and stress response shows that saffron extract slows down the breakdown of serotonin by up to 50% while reducing the secretion of the hormone cortisol by up to 44%. These hormones are directly related to the body's ability to cope with stress.\*

#### Myo-Inositol

Out of all the nine isomers of inositol, Myo-Inositol has one of the highest absorption rates and is relatively fast acting.\* The highest concentration of inositol is found in the brain since it plays an essential role in transmitting nerve impulses and is involved in dopamine and serotonin synthesis.\* These actions together can help increase the body's resistance to stress.\*

Directions:  × 1 [ one capsule daily ]

\* These statements have not been evaluated by the Food and Drug Administration. This product is not intended to diagnose, treat, cure, or prevent any disease.

# Selenium

Item: 2111

Container: 100 Vegetable Capsules

## Ingredients per 1 Capsule:

- Vitamin C 75 mg
- Selenium 75 mcg
- other ingredients.

### **M** Selenium (L-selenomethionine)

Selenium is a vital nutrient for the human body as it helps support immunity, aiding the body's resistance against some diseases and stress. It contributes to thyroid hormone metabolism, and helps protect against oxidative damage. Selenium can benefit heart health by supporting the body's inflammatory processes, promoting healthy blood flow, and helping with antioxidant activity. Selenium is critical for both male and female reproductive health.\*

### **V** Vitamin C

Vitamin C indirectly enhances the antioxidant activity of selenium in the body. Vitamin C is an antioxidant that fights free radicals, protects against oxidative stress, and strengthens blood vessels.\* Vitamin C's ability to regenerate antioxidants and support a reducing environment (a state that can help neutralize harmful free radicals) contributes to the optimal activity of selenium-containing enzymes, thereby indirectly enhancing selenium's antioxidant activity in the body.\*

**Directions:**  +  × 1 [ one capsule daily with a meal ]

\* These statements have not been evaluated by the Food and Drug Administration. This product is not intended to diagnose, treat, cure, or prevent any disease.

# Shark Liver Oil Plus

Item: 2309

Container: 60 Capsules

## Ingredients per 1 Capsule:

- Shark Liver Oil 320 mg
- Squalene 275 mg
- other ingredients.

### Shark Liver Oil

Shark liver oil has historical significance for its potential health benefits. For the variety of nutrients contained in shark liver oil, it is called "gray gold." For centuries, this fat has been used by coastal populations to support immune health and as an anti-stress agent.\* Shark liver oil, which comes from shark liver, attributes its health properties from alkylglycerides, squalene, omega-3 polyunsaturated fatty acids, and the fat-soluble vitamins A, E, and D.\*

### Squalene

Squalene possesses some antioxidant properties, neutralizing free radicals and reducing oxidative stress, thus lowering the risk of cellular damage.\* It also enhances skin hydration due to its moisturizing effects.\* Additionally, squalene is crucial for synthesizing vital compounds like Coenzyme Q10, cholesterol, bile acids, vitamin D, and steroid hormones, contributing to overall health, including supporting cardiovascular function and maintaining healthy blood vessels.\*

**Directions:**  +  × 1 [ one capsule daily with a meal ]

\* These statements have not been evaluated by the Food and Drug Administration. This product is not intended to diagnose, treat, cure, or prevent any disease.

# Silver-Max

Item: 91619

Container: 4 fl. oz. (118 ml)

## Ingredients per 1 Serving (2.5 ml):

- Purified Silver 35 mcg
- Purified water up to 2.5 ml

### **(M)** Colloidal Silver

Colloidal silver is a suspension of tiny particles in a liquid base that allows silver particles to be dispersed evenly throughout the liquid.\* It may inhibit the growth and proliferation of certain microorganisms or pathogenic bacteria.\* It can act against a broad spectrum of bacteria and fungi.\* It may disrupt microbial cell membranes, interfering with microbial DNA replication, and inhibiting some functions of enzymes within certain microbial cells.\* Historical use includes certain skin care applications.\*

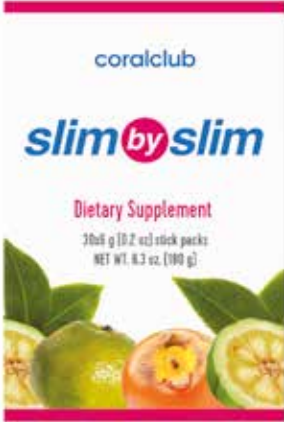

**Directions:**  $\frac{1}{2}$   × 1-2 [ half a teaspoon (2.5 ml) once or twice a day ]

\* These statements have not been evaluated by the Food and Drug Administration. This product is not intended to diagnose, treat, cure, or prevent any disease.

# Slim by Slim

Item: 91674

Container: 30 Stick packs (6 g)

## Ingredients:

- FOS (Cichorium intybus root fiber) 2 g
- Citrus peel extract powder (Citrus unshiu) 0.8 g
- Persimmon fruit extract powder (Diospyros kaki thunb) 0.7 g
- Goji berry extract powder (Lycium chinense mill) 0.7 g
- Garcinia fruit extract powder (Garcinia cambogia) 0.5 g
- Green tea leaf extract powder (Camellia sinensis) 0.3 g
- Taurine 0.25 g
- Vitamin C (Ascorbic acid) 0.1 g
- other ingredients.

To support gastrointestinal tolerance, follow the recommended usage.

### Garcinia Fruit Extract

Garcinia cambogia may support healthy cholesterol levels within normal range, support a healthy immune system, and supports a healthy weight loss regimen.\* May support a healthy weight management program with diet and exercise.\*

### Citrus Peel Extract

Citrus peel extract supports the digestive, cardiovascular, and immune systems by aiding the body's natural processes to manage lipid levels in the blood, liver, and blood vessels, thanks to its bioactive compounds, polyphenols to help fight oxidative stress, prebiotics for gut health, and immune support.\*

### Persimmon Fruit Extract

Persimmon fruit extract supports and restores intestinal health by providing components that aid in digestive function and peristalsis.\*

### Goji Fruit Extract

It provides phytonutrients, such as zeaxanthin and carotenoids, which help combat oxidative stress, protect cells from damage, and support immune function.\*

### Green Tea Leaf Extract

Green tea leaf extract's health benefits are attributed to polyphenols, which act as antioxidants to neutralize free radicals, reduce oxidative stress, and protect against cellular damage.\*

**Directions:** 1-3  +  × 1 [ mix 1-3 stick with warm or hot water. Drink with meals, once a day for 30 days ]

\* Consult a healthcare practitioner before use, especially if you have underlying health conditions or concerns or are pregnant or nursing.

\* These statements have not been evaluated by the Food and Drug Administration. This product is not intended to diagnose, treat, cure, or prevent any disease.

# Choco Almond Bar

Item: 91684

Bar: 1.34 oz (38 g)

**Ingredients** – Almond butter, Agave, Dates, Chocolate chips, Rice crisps, Walnuts, Cocoa powder, Sprouted flax seeds, Cocoa butter.

# Choco Spirulina Bar

Item: 91692

Bar: 1.56 oz (44 g)

**Ingredients** – Oats, Rice syrup, Chocolate, Agave, Cashew butter, Raisins, Spirulina, Cashew pieces, Cinnamon.

# Coral Protein Bar

Item: 91686

Bar: 1.62 oz (46 g)

**Ingredients** – Rice protein, Agave syrup, Date paste, Almond butter, Chocolate chips, Cranberries, Cranberry juice powder, Sprouted flax seeds, Sesame seeds.

*\* These statements have not been evaluated by the Food and Drug Administration. The product is not intended to diagnose, treat, cure or prevent any disease.*

# SuperBlueberry Bar

Item: 91649

Bar: 1.34 oz (38 g)

**Ingredients** – Almond butter, Dates, Blueberries, Agave nectar, Sprouted flax seeds.

# SuperChlorella Bar

Item: 91691

Bar: 1.34 oz (38 g)

**Ingredients** – Cashew butter, Date paste, Tapioca, Rice protein, Cashews, Chlorella, Alfalfa, Pineapple, Sesame seeds.

# SuperMango Bar

Item: 91694

Bar: 1.34 oz (38 g)

**Ingredients** – Mango, Raisins, Agave, Quinoa crisps, Tapioca, Sea salt, Olive oil.

*\* These statements have not been evaluated by the Food and Drug Administration. The product is not intended to diagnose, treat, cure or prevent any disease.*

# SuperSpirulina Bar with Macadamia Nuts

Item: 91681

Bar: 1.34 oz (38 g)

**Ingredients** – Cashew butter, Date paste, Agave syrup, Rice protein, Raisins, Macadamia nuts, Spirulina, Sprouted flax seeds, Quinoa sprouts, Sesame seeds.

**Super Bars** are wholesome food products made exclusively from organic plant ingredients: nuts, fragrant pieces of fruit, brown rice protein, and biologically active plant ingredients such as spirulina or chlorella algae, sprouted flax seeds, quinoa, and wheat or barley juice. These bars are a natural source of essential polyunsaturated fatty acids (PUFAs) omega-3, -6, -9, along with a complex

of amino acids, vitamins, minerals, and fiber. Super Bars do not contain refined sugar, preservatives, artificial colors, or flavor enhancers, and they offer great taste and nutritional benefits. Suitable for children, adults, and those who maintain a healthy lifestyle and care about the well-being of their loved ones.

**Super Bars contribute to a nutritious diet with ingredients that support daily vitality.\***

\* These statements have not been evaluated by the Food and Drug Administration. This product is not intended to diagnose, treat, cure, or prevent any disease.

# Super-Flora

Item: 2150

Container: 90 Vegetable Capsules

## Ingredients per 1 Capsule:

- Bifidobacterium longum 100 billion cfu/g 33 mg
- Inulin 25 mg
- Lactobacillus acidophilus 200 billion cfu/g 11 mg
- other ingredients.

### Probiotics (*Bifidobacterium* and *Lactobacillus*)

Probiotics (*Bifidobacterium* and *Lactobacillus*) support the growth of beneficial bacteria in the gut, helping to maintain a healthy microflora balance.\* They contribute to digestive health, support nutrient absorption, and enhance the gut barrier function.\* Probiotics also support the immune system, promoting the body's natural defenses.\*

### Inulin

Inulin is a plant-based fiber (i.e., found in chicory root, Jerusalem artichokes) that acts as a prebiotic, easily fermented by gut bacteria to support gut health.\* It helps stimulate the growth of beneficial bacteria in the large intestine, supporting a healthy microbiome.\* Inulin also supports intestinal peristalsis and regular digestive function.\*

**Directions:**  × 1-2 [ one capsule once or twice a day before a meal ]

\* These statements have not been evaluated by the Food and Drug Administration. This product is not intended to diagnose, treat, cure, or prevent any disease.

# Tasty B

Item: 2187

Container: 30 Chewable Tablets

## Ingredients per 1 Tablet:

• Niacin	16 mg
• Vitamin B6	1.4 mg
• Vitamin B2	1.4 mg
• Vitamin B1	1.1 mg
• Folic acid	200 mcg
• Biotin	50 mcg
• Pantothenic Acid	6 mg
• Vitamin B12	2.5 mcg
• other ingredients.	

### V Vitamin B1

Plays a vital role in cell metabolism and maintaining a healthy nervous system.\*

### V Vitamin B2

Plays a crucial role in the metabolism of nutrients, and in the production of energy, which fuels the body (ATP). Riboflavin is important for eye health; helps to support the body's natural detoxification process; supports nervous system protection.\*

### V Niacin

Niacin plays a key role in metabolic processes, supporting metabolism and energy generation.\* Supports healthy cholesterol levels within the normal range; supports healthy blood flow and vascular function, and contributes to mental health.\*

### V Pantothenic Acid (vitamin B5)

supports central nervous system (CNS) function and brain health, aids in maintaining immune function, and influences energy metabolism and stamina.\*

### V Vitamin B6

Vitamin B6, along with Vitamins B9 (folic acid) and B12, plays a crucial role in maintaining the health of the nervous and cardiovascular systems. These vitamins work together to help reduce homocysteine levels in the blood, high levels of which are associated with an increased risk of cardiovascular disease. Vitamin B6 is essential for making red blood cells and for the proper functioning of the immune system.\*

### V Biotin

This "vitamin of youth and beauty" helps support and maintain sufficient levels of keratin-rich tissues in the body, helping to improve the condition of hair and skin. Biotin may help prevent hair thinning and contribute to healthier nails, potentially reducing brittleness and preventing them from splitting and peeling. Biotin supports sebaceous gland function to produce sebum, the skin's natural oil, supporting the skin's natural oiliness and hydration, resulting in smooth, moisturized skin and scalp.\*

### V Folic Acid

One of the most important functions of Folic Acid is in the cardiovascular system of the body, supporting hemoglobin synthesis and red blood cell formation.\* It is also required for the synthesis of nucleic acids, which carry genetic information.\* Folic acid improves reproductive health and may have indirect positive effects on the hormonal balance of estrogen and progesterone in females.\*

### V Vitamin B12

Vitamin B12 helps reduce tiredness and fatigue, which helps promote a positive mood.\* It also supports central nervous system function, aids in preventing anemia, supports energy metabolism, and contributes to cognitive function and memory.\*

Directions:

× 1

[ chew one tablet daily with a meal ]

\* These statements have not been evaluated by the Food and Drug Administration. This product is not intended to diagnose, treat, cure, or prevent any disease.

# Ultimate Max

Item: 2175

Container: 60 Vegetable Capsules

## Ingredients per 1 Capsule:

Vitamin A 900 mcg RAE (3000 IU); Vitamin C 80 mg; Vitamin D 5 mcg (200 IU); Vitamin E 20 mg; Thiamin 1.1 mg; Riboflavin 1.4 mg; Niacin 8 mg NE; Vitamin B6 1.4 mg; Folic Acid 100 mcg DFE; Vitamin B12 2 mcg; Biotin 50 mcg; Pantothenic Acid 5 mg; Choline 50 mg; Iodine 50 mcg; Magnesium 20 mg; Zinc 5 mg; Selenium 50 mcg; Copper 0.5 mg; Manganese 1 mg; Chromium 40 mcg; Molybdenum 12 mcg; Potassium 10 mg; Inositol 50 mg; PABA 50 mg; Citrus Bioflavonoid Complex (Lemon, Grapefruit, Orange, Key lime, and Mandarin) 50 mg; Proprietary herbal blend (Hesperidin, Bilberry fruit extract, Acai, and Tomato powder) 20 mg; other ingredients.

### V Vitamin A

Vitamin A is called the "vitamin of vision"; it maintains the normal function of the retina and helps to adapt vision to low light conditions. It promotes normal metabolism and supports the immune and reproductive systems.\* It is presented in the form of beta-carotene, one of the most easily and fully assimilated forms of vitamin A.\*

### V Vitamin C

One of the most important antioxidants that supports and strengthens the immune system and protects the cells of the body from free radical damage.\* Vitamin C is essential for the synthesis of collagen and wound healing\* The source of vitamin C in the product is mineral ascorbates.\* Vitamin C in the form of mineral ascorbates is often more stable and less irritating to the mucous membranes while also providing additional minerals to the body.\*

### V Vitamins D and E

Vitamins D and E support immune and cardiovascular function, bone and muscle health, nervous system integrity, and reproductive system health.\* Vitamin D regulates calcium and phosphorus levels, needed for bone strength, and vitamin E is an antioxidant that protects cells from oxidative stress.\*

### V B Vitamins

The product contains the entire spectrum of B vitamins, which are important for the metabolism, the functioning of the nervous and cardiovascular systems, digestion, skin health, hair and nails. The need for B vitamins increases during stressful situations and high physical exertion.\*

### M Minerals

Minerals (chromium, selenium, copper, zinc, manganese, molybdenum, magnesium). The minerals in the product are represented by organic salts: zinc and magnesium citrates, chromium picolinate, copper bisglycinate, manganese gluconate. Organic compounds are often associated with improved bioavailability and efficiency compared to their inorganic counterparts.\*

### M Iodine

The source of iodine is the brown seaweed kelp. Iodine is involved in the synthesis of thyroid hormones, which, in turn, regulate all types of metabolism in the body.\*

### Phytonutrient Complex

A complex of bioflavonoids from various citrus and berry crops - lemon, grapefruit, orange, lime, tangerine, blueberry, acai and tomato.\* These bioflavonoids are widely regarded for their antioxidant properties, helping protect the heart and blood vessels from free radical damage.\* In synergy with vitamins, they support the strengthening and elasticity of blood vessels, support healthy blood microcirculation, and support healthy blood flow.\*

Directions:

+

×

2

[ one capsule twice a day with a meal ]

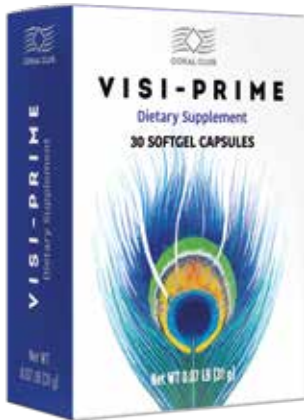

\* These statements have not been evaluated by the Food and Drug Administration. This product is not intended to diagnose, treat, cure, or prevent any disease.

# Visi-Prime

Item: 2114

Container: 30 Softgel Capsules

## Ingredients per 1 Capsule:

• Fish oil (EPA 250mg; DHA 30 mg)	500 mg
• Vitamin E	12 mg (18 IU)
• Zinc	10 mg
• Lutein	10 mg
• Zeaxanthin	2 mg
• Riboflavin	1.4 mg
• other ingredients.	

### Polyunsaturated Fatty Acids Omega 3

Polyunsaturated Fatty Acids Omega 3 help to protect eye health, relieve visual fatigue, help improve tear quality and reduce tear evaporation to help keep eyes moist, and support proper eye function.\*

### Vitamins B2, E and Zinc

Vitamins B2, E and Zinc may potentially help protect against or slow the progression of cataracts and age-related macular degeneration.\* Vitamins B2 and vitamin E help reduce oxidative stress in the eye, and zinc is important for the retinal cells and enzymatic reactions.\*

### Lutein, Zeaxanthin

Lutein and zeaxanthin are two types of carotenoids (yellow to red pigments found widely in vegetables and other plants) with oxidative stress relieving (antioxidant-like) properties that help support the protection of eye cells from UV induced damage, potentially prevent retinal degeneration due to aging or the influence of the external factors, and that support eye health.\*

**Directions:**  × 1 [ one capsule daily ]

\* These statements have not been evaluated by the Food and Drug Administration. This product is not intended to diagnose, treat, cure, or prevent any disease.

# Yummy Vits

Item: 2126

Container: 30 Jellies (orange flavor)

## Ingredients per 1 Jelly:

• Choline	20 mg
• Vitamin E	3.5 mg (5 IU)
• Pantothenic acid	1 mg
• Vitamin B6	0.6 mg
• Vitamin A	0.49 mg (833 IU)
• Folate	100 mcg
• Iodine	20 mcg
• Selenium	10 mcg
• Vitamin D3	5 mcg (200 IU)
• Vitamin B12	0.5 mcg
• other ingredients.	

## V Vitamins A, E, C and Selenium

Vitamin E is an active antioxidant, and selenium has antioxidant-like properties. Both support the immune and cardiovascular systems, while Vitamin A (in the form of retinyl palmitate) supports overall health. Additionally, they aid in recovery after intense exercise and promote overall well-being.\*

## V Vitamin D

Vitamin D helps to normalize the metabolism of calcium and phosphorus in the body, and has a positive effect on bones and teeth.\*

## M Iodine

Iodine is important for the normal functioning of the endocrine system, and the full development of the brain.\*

## V Vitamin B complex (Group B Vitamins)

Vitamins B5, B6, B9, and B12, part of the Vitamin B complex, are essential for normal body growth and development.\* These B complex vitamins each have unique functions but work together to support metabolism, energy production, brain function (including problem-solving, memory, concentration, and the central nervous system), red blood cell formation, and other processes.\* They also contribute to the health of skin, nails, and hair and support enhanced mood and emotional well-being.\* Although not a B vitamin, choline shares similar functions and is often associated with the B vitamin complex.\* Choline is an essential nutrient important for brain development, liver function, and muscle movement.\*

## + Xylitol, Sorbitol

Xylitol, sorbitol, and natural flavors provide sweetness and a pleasant citrus taste, and are safe for dental enamel.\*

**Directions:**  × 1 [ children over four years old chew one jelly daily ]

\* These statements have not been evaluated by the Food and Drug Administration. This product is not intended to diagnose, treat, cure, or prevent any disease.

# Zaferan

Item: 91873

Container: 60 Capsules

## Ingredients per 1 Capsule:

- Curcuma extract 120 mg
- other ingredients.

### Curcuma longa (Turmeric)

This bright yellow root related to ginger is valued for its high concentrations of biologically active flavonoids called curcuminoids, the best known of which is curcumin.\* Turmeric supports the body's gallbladder and liver function, supports bile excretion and drainage, and supports the body's ability to protect liver cells from the effects of foodborne toxins and household chemicals.\* Being rich in phytonutrients, turmeric helps prevent oxidative damage and helps support the body's ability to detoxify the liver.\* Turmeric supports healthy metabolism and protein absorption.\*

**Directions:**  +  × 1 [ one capsule daily with a meal ]

\* These statements have not been evaluated by the Food and Drug Administration. This product is not intended to diagnose, treat, cure, or prevent any disease.

# Zinc Methionine 25 mg

Item: 2305

Container: 90 Vegetable Capsules

## Ingredients per 1 Capsule:

- Zinc (mono-L-methionine sulfate) 25 mg
- other ingredients.

## Zinc Methionine

Is a highly bioavailable source of zinc, an essential mineral crucial for human health. Zinc participates in all types of metabolism, with a particularly significant role in protein and carbohydrate metabolism. It is essential for synthesizing collagen protein, skin repair, bone formation, and hair and nail growth. Additionally, zinc plays a critical role in the proper synthesis and structuring of hemoglobin, enabling it to transport oxygen throughout the body effectively. Zinc is also involved in synthesizing, storing, and releasing insulin from pancreatic cells, regulating blood sugar levels. It aids in the synthesis of male and female sex hormones, is involved in spermatogenesis in men, and affects follicle development in women. Zinc also supports the division, specialization, and activation of immune cells, thereby strengthening the immune response.\*

**Directions:**  +  × 1 [ one capsule daily with a meal ]

\* These statements have not been evaluated by the Food and Drug Administration. This product is not intended to diagnose, treat, cure, or prevent any disease.

# Complete Solutions

The human body is very complex. It is made up of trillions of cells, which are arranged into tissues, organs, and systems. For optimal health, the body needs various nutrients that help all the systems and organs operate at their best. Navigating through the world of vitamins, minerals, and trace elements can be just as complex as the human body, so we've carefully selected sets of products that are not only beneficial for the body on their own but work well together. Our packs offer a single structured solution for seemingly complex issues.

# Cardiopack

Item: 803701

60 day program

## The set consists of:

- PentoKan (3 tubes, 60 effervescent tablets)
- Coenzyme Q10 (60 capsules)
- Coral Taurine (60 capsules)
- Coral Magnesium (90 capsules)

**Cardiopack** is the ultimate set curated to promote heart health and provide essential nutrients that support cardiovascular function and energy metabolism.\*

**PentoKan** is a source of potassium, vitamin C and ribose.\* Potassium is an essential nutrient used to maintain the electrolyte balance in the body.\* It helps regulate fluid balance, nerve signals, and muscle contractions.\* Potassium plays an important role in ensuring optimal heart health and it helps regulate heart rhythm and manage blood pressure levels through its role in fluid salt balance.\* Excellent source of antioxidant vitamin C, which helps protect cells from harmful free radicals.\* Ribose is a simple sugar that is a necessary part of adenosine triphosphate (ATP) which supplies energy to the cells.\* Effervescent tablets enhance the bioavailability of potassium by improving its solubility and absorption.\*

**Coenzyme Q10** (Ubiquinone) supports cellular energy production and a patent on production methods of CoQ10, ubiquinol, the reduced form

of CoQ10 was developed and implemented by the highly reputable Japanese corporation, Kaneka.\* Derived from biotechnological yeast, Coenzyme Q10 has been developed to support the body's energy production.\* High concentrations of ubiquinone are found in heart muscle cells; therefore, a sufficient amount of this substance is especially important for their proper function.\*

**Coral Taurine** is a highly bioactive amino acid that supports heart muscle function, helps regulate the metabolism of calcium, potassium, magnesium, and sodium, and aids in maintaining a stable heart rhythm. Taurine promotes healthy energy metabolism and supports heart health as the body ages.\*

**Coral Magnesium** is a source of magnesium. This dietary supplement supports cardiovascular health and neuromuscular tissue function. The product contributes to the synthesis of enzymes, normalizes metabolism, and actively regulates the calcium and sodium balance on a cellular level.\*

\* These statements have not been evaluated by the Food and Drug Administration. This product is not intended to diagnose, treat, cure, or prevent any disease.

# Coral Detox

Item: 803503

30 day program

## The set consists of:

- Assimilator (90 vegetable capsules)
- H-500 (60 capsules)
- Coral Lecithin (120 capsules)
- Coral-Mine (30 sachets)

**Coral Detox** is a set of products that helps support the body's detoxification process.\* This complex approach supports the body's natural flushing out of bodily impurities, supports cellular health, and overall vitality.\*

**Assimilator** and **Coral Lecithin** help support the body's process of breaking down and removing fat soluble toxins.\* Assimilator provides digestive enzymes and vitamins A and D to support digestive health and a healthy metabolism which may slow down toxin formation.\* Coral Lecithin, rich in phospholipids, helps protect cell membranes from occasional damage that may result from toxins.\*

**H-500** contains a proprietary blend to help protect against oxidative stress and to support stamina, physical performance and mental performance during and following exercise workouts.\*

**Coral-Mine** is a product from Japan made of deep-sea coral sand (scleractinians). It enriches water with minerals, thereby promoting better hydration supporting the detox process.\*

\* These statements have not been evaluated by the Food and Drug Administration. This product is not intended to diagnose, treat, cure, or prevent any disease.

# Coral Detox Plus

Item: 803601

30 day program

## The set consists of:

- Assimilator (90 vegetable capsules)
- H-500 (60 capsules)
- Coral Lecithin (120 capsules)
- Coral-Mine (30 sachets)
- PentoKan (2 tubes, 40 effervescent tablets)
- Coral Alfalfa (120 capsules)

**Coral Detox Plus** is an advanced version of the Coral Detox set that helps support the body's cleansing and detoxification process, purify and fortify cells, and provide stronger support of the immune system.\*

**Assimilator** and **Coral Lecithin** help support the body's removal of fat soluble toxins.\* Assimilator supports a healthy metabolism and may slow down toxin creation.\* Coral Lecithin helps protect cell membranes from damage by toxins.\*

**H-500** provides some antioxidant and cellular support against free radicals and helps protect against oxidative stress, while also increasing the ability to have greater stamina during workouts.\*

**Coral Lecithin** helps to promote a healthy heart, brain, and liver.\*

**Coral-Mine** is a product from Japan made of deep-sea coral sand (scleractinians).\* It enriches water with minerals, thereby promoting better hydration and supporting the detox process.\*

**PentoKan** is a unique combination of potassium, vitamin C and ribose.\* It helps support effective regulation of intracellular metabolism.\* Ribose helps boost energy by aiding ATP (energy) production, while vitamin C and potassium indirectly support energy production.\*

**Coral Alfalfa** is a dietary supplement based on the leaf and concentrated juice of the alfalfa plant. It contains biologically active substances that positively impact health, support the immune system, boost vitality, aid digestion, and offer cleansing benefits.\*

\* These statements have not been evaluated by the Food and Drug Administration. This product is not intended to diagnose, treat, cure, or prevent any disease.

# Go Detox

Item: 1210

14 day program

## The set consists of:

- **Packet 1:** 14 Vitamin/Mineral/Herb Packets
- **Packet 2:** 8 Vitamin/Mineral/Herb Packets
- **Packet 3:** 6 Vitamin/Mineral/Herb Packets
- Go Detox Powder (16 Pouches)
- Super-Flora (30 vegetable capsules)

**Go Detox** is an innovative 14-day cleansing regimen crafted to help rejuvenate the body's natural balance and provide added support during periods of occasional GI discomfort.\*

### Stage 1. Detox

The active components of the products at stage 1 help to support normal gastrointestinal tract function, build a healthy gut microbiome, support absorption of vitamins and minerals, and help intestinal motility.\*

### Stage 2. Purge

The main ingredient of this stage is a mixture made of Go Detox Powder, which contains prebiotic

inulin--a source of soluble plant fiber that feeds beneficial gut bacteria.\* Additionally, the psyllium fiber works to expand in the intestines and may aid in pushing out stagnant contents, thereby supporting the cleansing of the intestines.\*

### Stage 3. Restore

The Final stage is Restoration.\* These products help to restore the intestinal microflora and support the body's improvement in nutrient absorption via a mix of probiotic cultures, prebiotics and digestive enzymes.\*

\* These statements have not been evaluated by the Food and Drug Administration. This product is not intended to diagnose, treat, cure, or prevent any disease.

# Go Detox Light

Item: 120101

14 day program

## The set consists of:

- **Stage 1:**  
D-Tox I (20 vegetable capsules)  
D-Tox II (20 vegetable capsules)  
GreenGreen (20 vegetable capsules)
- **Stage 2:**  
Light Mix (12 stick packs)
- **Stage 3:**  
Assimilator (20 vegetable capsules)  
GreenGreen (20 vegetable capsules)  
Super-Flora (30 vegetable capsules)

**Go Detox Light** is a 14-day program that gradually enhances support to your body's cleansing and detoxifying process while supporting improvement in normal digestion, metabolism, and skin health.\* With a 3-stage process of Detox, Purge, and Restore, this program uses plant-based nutrients, probiotics, and enzymes to help restore your body's vitamin and mineral balance for optimal digestive function.\*

### Stage #1. Detox

Phytonutrients may help alleviate temporary discomfort, contribute to the body's defense against pathogens, support the body's detoxification process, and promote optimal liver and digestive health.

It contains 3 plant extract complexes, promoting detoxification and additional support to the body's immune response.\* The GreenGreen complex contains dietary fiber, vitamins, and minerals, which help influence efficient gut function and help support the body's ability to expel toxins and metabolic waste.\*

### Stage #2. Purge

The effect of the active components in the Light Mix powder (psyllium husk powder, flaxseed, and prunes) are further enhanced by the fiber in GreenGreen.\*

The powder drink supports gentle cleansing of the intestinal tract, helps restore mucous membranes, and positively impacts microflora.\*

### Stage #3. Restore

After the cleanse, the probiotics, enzymes, and phytonutrients in GreenGreen and Super-Flora support the restoration of nutrients to the digestive system and establish a solid base for good health.\*

\* These statements have not been evaluated by the Food and Drug Administration. This product is not intended to diagnose, treat, cure, or prevent any disease.

# Healthy Gut

Item: 80510130

30 day program

## The set consists of:

- **1st Phase:** Super-Flora, Zaferan, Coral Black Walnut, Chewable Papaya, Coral Alfalfa, Coral Lecithin, Coral Burdock Root, Cascara Sagrada, Coral Carnitine, Coral-Mine.
- **2nd Phase:** Super-Flora, Chewable Papaya, Zaferan, Coral Lecithin, Assimilator, Coral Artichoke, Coral Magnesium, AquaOx, Coral-Mine.
- **3rd Phase:** Super-Flora, Chewable Papaya, Coral Alfalfa, Coral Magnesium, Coral Taurine, O!Mega-3 TG, Coral Burdock Root, GreenGreen, Coral-Mine.

**Healthy Gut** is a set of products designed to help cleanse and restore a balance of beneficial intestinal flora.\* It is allocated for 30 days and divided into 3 phases: cleansing, restoration, and normalization.\*

### 1st Phase (days 1-10)

Cleanses the gut and helps support normal bowel function.\*

Detoxification supports the body's process in removing toxins and eliminating unwanted guests (parasites) during occasional exposure.\*

Products: Super-Flora, Zaferan, Coral Black Walnut, Chewable Papaya, Coral Alfalfa, Coral Lecithin, Coral Burdock Root, Cascara Sagrada, Coral Carnitine.

### 2nd Phase (days 11-20)

Restores healthy gut bacteria, helps support healthy digestion and nutrient absorption.\* Supports the body's optimal intestinal secretory function.\*

Products: Super-Flora, Chewable Papaya, Zaferan, Coral Lecithin, Assimilator, Coral Artichoke, Coral Magnesium, AquaOx.\*

### 3rd Phase (days 21 to 30)

Supports digestion and restoration of healthy intestinal flora.\* May improve vitamin-mineral balance and support metabolic processes.\*

Products: SuperFlora, Chewable Papaya, Coral Alfalfa, Coral Magnesium, Coral Taurine, O!Mega-3 TG, Coral Burdock Root, GreenGreen.\*

\* These statements have not been evaluated by the Food and Drug Administration. This product is not intended to diagnose, treat, cure, or prevent any disease.

# Hydramax

Item: 803801

30 day program

## The set consists of:

- Coral-Mine (30 sachets)
- PentoKan (60 effervescent tablets)
- H-500 (60 capsules)

This pack supports optimal hydration of the whole body.\* The products in the pack may help normalize water-salt (electrolyte) and acid-base balance in the body, improve the quality of the water you drink, and help increase endurance and stamina by supporting many body functions related to energy production.\*

### PentoKan

PentoKan is a source of potassium, vitamin C and ribose.\* PentoKan supports effective regulation of intracellular metabolism.\* Potassium is an essential mineral for maintaining electrolyte balance and supporting muscle function, both of which are needed for physical activity. Ribose plays a significant role in cellular support. Vitamin C works as an antioxidant to fight oxidative stress. The combination of these ingredients supports optimal hydration.\*

### Coral-Mine

Coral-Mine is a natural product from Japan made of deep-sea coral (scleractinians) collected in the Sea of Japan near the islands of Okinawa and Tokunoshima.\* It contains calcium, magnesium, potassium, iron, phosphorus, sulfur, silicon, chromium, manganese, zinc, and other minerals.\* A sachet placed in water helps enrich it with beneficial minerals and restores the water-salt balance.\* The components promote the growth and maintenance of bone and connective tissue, are beneficial for overall health, and support a mild tonic effect on the body.\*

**H-500** has selective properties (antioxidant) that help protect the organism (or body) from oxidative stress-related situations and increases stamina during workouts.\*

\* These statements have not been evaluated by the Food and Drug Administration. This product is not intended to diagnose, treat, cure, or prevent any disease.

coralclub

## Immunity Pack

Dietary Supplements

10 PERSONAL VITAMIN C 100 MG, 10 PERSONAL VITAMIN D3 400 IU,  
10 PERSONAL ZINC WITH SELENIUM 50 CAPSULES,  
10 PERSONAL DASH WITH LUTEIN 50 CAPSULES, CORAL-BONE 30 SACHETS

TOTAL: 100 MG, 100 CAPSULES, AND 30 SACHETS, 30 DAY PROGRAM

# Immunity Pack

Item: 80390109

30 day program

## The set consists of:

- Pure-C 500 mg (60 vegetable capsules)
- D-Spray 2000 (10 ml)
- Pau D'Arco with Selenium (90 vegetable capsules)
- Shark Liver Oil Plus (60 capsules)
- Coral-Mine (30 sachets)

**Immunity Pack** is a set designed to support your natural immunity.

### Pure-C 500 mg

Contains vitamin C as the patented proprietary fatty acid formulation, Pureway-C®. This is a clinically researched combination of L-ascorbic acid with a blend of plant-based fatty acids and bioflavonoids from citrus fruits.\* These additional ingredients support enhanced absorption and the body's distribution and release of vitamin C.\*

### D-Spray 2000

A proper amount of vitamin D3 in the body is crucial for the timely activation and regulation of immune cells.\*

### Pau D'Arco with Selenium

Pau D'Arco bark is rich in naphthoquinones (lapachol, beta-lapachol, and xylostin), natural compounds that support immune health and work against certain pathogenic microorganisms. Selenium may help control immune cell numbers, supporting the body's natural and learned defenses (both innate and acquired immunity).\* When combined with vitamin C, it supports a strengthened immune system and helps promote a healthy inflammation response in some health conditions.\*

### Shark Liver Oil Plus

This is a natural product and a source of the valuable natural substances squalene and alkyl glycerides.\* Squalene has an oxidative stress fighting and antihypoxic effect and supports the hydration and integrity of the skin and mucous membranes.\* Alkyl glycerides support the body's resistance and immune health, and support the body's production of immune cells responsible for the destruction of some of the various pathogens.\*

### Coral-Mine

This mineral composition of relic corals contains useful macro- and microelements (calcium, magnesium, potassium, etc.). When interacting with water, the minerals pass into the water, positively affecting its physiological usefulness and organoleptic properties.

\* These statements have not been evaluated by the Food and Drug Administration. This product is not intended to diagnose, treat, cure, or prevent any disease.

# Mental Force

Item: 806101

30 day program

## The set consists of:

- Coral-Mine (30 sachets)
- Coral Carnitine (10 capsules)
- Coral Lecithin (30 capsules)
- Coral Magnesium (20 capsules)
- Coral Taurine (30 capsules)
- Memo-Prime (30 capsules)
- O!Mega-3 TG (30 capsules)
- GreenGreen (30 capsules)

Unlock your brain's potential with Mental Force - a pack of eight high-quality supplements designed to support brain function, increase focus, and benefit cognitive performance.

This pack is divided into 3 stages, each lasting 10 days, and working in tandem with specific dietary recommendations.

### 1st Phase (days 1 to 10)

In the first phase (days 1 to 10), you will take Coral-Mine throughout the day, and Memo-Prime, O!Mega 3 TG, Coral Taurine, and Coral Magnesium in the morning and evening.

### 2nd Phase (days 11 to 20)

During the second phase, you will take Coral-Mine throughout the day, and Memo-Prime, O!Mega 3 TG, Coral Taurine, and GreenGreen in the morning, and Coral Lecithin, Coral Magnesium, and GreenGreen in the evening.

### 3rd Phase (days 21 to 30)

In the third phase, you will take Coral-Mine throughout the day and Memo-Prime, O!Mega 3 TG, Coral Carnitine, and Coral Taurine in the morning and Coral Lecithin and GreenGreen in the evening.

Throughout the day Coral-Mine.

Morning: Memo-Prime, O!Mega 3 TG, Coral Taurine, GreenGreen.

Evening: Coral Lecithin, Coral Magnesium, GreenGreen

*\* These statements have not been evaluated by the Food and Drug Administration. This product is not intended to diagnose, treat, cure, or prevent any disease.*

# Nutripack

Item: 803401

30 day program

## The set consists of:

- Coral Alfalfa (120 capsules)
- Premium Spirulina (200 tablets)
- Coral Lecithin (120 capsules)
- O!Mega-3 TG (30 capsules)
- Super-Flora (30 vegetable capsules)
- Coral-Mine (30 sachets)

**Nutripack** is a carefully crafted collection of nutrients, scientifically formulated to support the body's diverse nutritional needs.

### Coral Alfalfa

Contains alfalfa leaf juice and alfalfa grass powder.\* Alfalfa contains vital minerals such as calcium, iron, phosphorus, magnesium, sulfur, potassium, and silicon.\* It also contains vitamins such as Vitamins C, E, K, and B, as well as plant protein and chlorophyll.\* This product supports vitality and promotes health.\*

### Premium Spirulina

Contains 100% spirulina without any additives.\* Spirulina contains a variety of bioactive substances and helps to support metabolism, promote overall well being, and protect against premature signs of aging.\*

### Coral Lecithin

A source of phospholipids, particularly phosphatidylcholine, and is a major constituent of all human cell membranes. It supports the health of the liver and heart, is important for cognitive function and vision, and is necessary for the body throughout life.\*

### O!Mega-3 TG

A concentrate of essential polyunsaturated fatty acids omega-3 in reduced triglyceride form. This form is close to the natural one, so it is easily absorbed by the body. Polyunsaturated fatty acids (PUFAs) are not synthesized in the human body and can only come from food. Taking sufficient amounts of omega-3 PUFAs is especially important for the cardiovascular system, brain, organs of vision, and skin. The product is derived from cold-water saltwater ocean fish.\*

### Super-Flora

This product combines probiotics (bifidobacteria and lactobacilli) with the prebiotic inulin for balanced gut support. Lacto- and bifidobacteria help maintain intestinal health, improve digestive function, and support immune system performance.\*

### Coral-Mine

This product contains the mineral composition of ancient deep-sea corals, which contain salts of useful macro- and microelements such as calcium, magnesium, potassium, and some others in trace amounts. When interacting with water, the minerals from the salts transfer into the water, increasing its physiological wholesomeness and improving its taste.\*

\* These statements have not been evaluated by the Food and Drug Administration. This product is not intended to diagnose, treat, cure, or prevent any disease.

# Parashield

Item: 803201

30 day program

## The set consists of:

- ParaFight (90 vegetable capsules)
- Coral Burdock Root (90 capsules)
- MSM (60 vegetable capsules)
- Super-Flora (90 vegetable capsules)
- Coral-Mine (30 sachets)

**Introducing Parashield:** A 30-day program designed to counteract exposure to unwanted guests, support the body's detoxification process, and support an enhanced immune system.\* Plus, it helps restore your healthy intestinal microflora so you feel your best, inside and out.

**ParaFight** is a synergistic blend of 12 plant extracts, including black walnut, cloves, chamomile, gentian, yarrow, oregano, thyme, garlic, and pepper.\* Their active components juglone, tannins, organic acids, flavonoids, bitter glycosides, essential oils, allicin, and piperine are designed to support the body's normal defenses against unwanted guests (parasites) at different stages of development, supporting their removal from the body.\*

**Coral Burdock Root** contains crushed root and burdock extract, featuring organic acids and tannins, supporting the body's detoxification process and potential inhibition of some undesirable bacteria and fungi.\*

**MSM** contains bioavailable organic sulfur, complemented by vitamin C and biotin. This unique blend is formulated to support the body's natural detoxification pathways (removing undesirable substances from the body), contribute to reducing sensitivities, and promote the health and vitality of the skin, hair, and nails.\*

**Coral-Mine** contains the mineral composition of ancient deep-sea corals, including salts of useful macro- and microelements such as calcium, magnesium, potassium, and others in trace amounts.\* When interacting with water, the minerals from the salts transfer into the water, increasing its physiological wholesomeness (such as enhanced hydration and mineral balance) and improving its taste.\*

\* These statements have not been evaluated by the Food and Drug Administration. This product is not intended to diagnose, treat, cure, or prevent any disease.

# Parashield Plus

Item: 803301

60 day program

## The set consists of:

- ParaFight (90 vegetable capsules)
- Coral Black Walnut (90 vegetable capsules)
- Pau D'Arco with Selenium (90 vegetable capsules)
- Coral Burdock Root (90 capsules)
- Assimilator (90 vegetable capsules)
- MSM (60 vegetable capsules)
- Super-Flora (90 vegetable capsules)
- Coral-Mine (60 sachets)

**Parashield Plus** is an extended 60-day version of the pack that supports an inhospitable environment for unwanted guests while supporting the body's detoxification process, and promoting a natural sense of vitality.

**ParaFight** is a synergistic blend of 12 plant extracts, including black walnut, cloves, chamomile, gentian, yarrow, oregano, thyme, garlic, and pepper.\* Their active components juglone, tannins, organic acids, flavonoids, bitter glycosides, essential oils, allicin, and piperine are designed to support the body's normal defenses against unwanted guests (parasites) at different stages of development, supporting their removal from the body.\*

**Coral Black Walnut** is a source of juglone, essential oils and tannins.\* This blend of active components support the body's natural cleansing processes, helping to eliminate waste, deter unwanted guests and contribute to a balanced gut environment.

**Coral Burdock Root** contains crushed root and burdock extract, featuring organic acids and tannins, supporting the body's detoxification process and potential inhibition of some undesirable bacteria and fungi.\*

**Assimilator** - a complex of digestive enzymes helps promote a high-quality enzymatic breakdown of food (proteins, fats, carbohydrates) and balances digestion.\* It also helps in supporting the body's ability to neutralize and eliminate unwanted substances (i.e. toxins) from the body.\*

**Pau D'Arco with Selenium** contains important naphthoquinones (lapachol, beta-lapachol), known to disrupt undesirable microbial activity and support the body's immune system.\*

**MSM** - contains bioavailable organic sulfur, vitamin C, and biotin, which helps support the body's natural removal of environmentally unfriendly substances.\*

**Super-Flora** features a balanced blend of probiotics (*Bifidobacterium* and *Lactobacillus*) and the prebiotic inulin, designed to support intestinal health by promoting the growth of beneficial bacteria.\* This combination may contribute to digestive comfort, help maintain the gut microbiome, and support immune health.\*

**Coral-Mine** - a mineral composition derived from relict corals to help enhance the quality and taste of water.\* It's also a source of useful macro- and microelements (i.e., calcium, magnesium) that help regulate the mineral and acid-base balance in the body.\*

\* These statements have not been evaluated by the Food and Drug Administration. This product is not intended to diagnose, treat, cure, or prevent any disease.

## Recover

### Dietary Supplements

CORAL, ARTICHOKE 90 CAPSULES, GRIFFONIA 60 CAPSULES, MSM 80 CAPSULES,  
OCEANMIN 30 STICK PACKS, PENTUKAN 40 EFFERVESCENT TABLETS,  
SELENIUM 100 CAPSULES, SUPER FLORA 90 CAPSULES

TOTAL: 400 CAPSULES, 40 TABLETS, AND 30 STICK PACKS. 30 DAY PROGRAM

# Recover

Item: 807101

30 day program

## The set consists of:

- Oceanmin (30 stick packs)
- Coral Artichoke (90 capsules)
- PentoKan (40 effervescent tablets)
- Selenium (100 vegetable capsules)
- MSM (60 vegetable capsules)
- Super-Flora (90 vegetable capsules)
- Griffonia (60 capsules)

Those who have experienced microbial exposure frequently complain about general weakness, fatigue, problems sleeping, feelings of anxiousness, digestive discomfort, and hair loss. The **Recover** pack was curated to help the body recuperate from the lingering effects present after microbial exposure, allowing a faster return to everyday life.

### Active ingredients:

#### Minerals (magnesium, potassium, selenium, sulfur, and calcium)

When unwell, the body loses many minerals, a deficiency that negatively affects various organs and system functions. Additional intake of electrolyte minerals (potassium and magnesium) from Oceanmin and PentoKan helps restore the body's water-salt balance, for which normal cardiovascular, muscular, and nervous system function depends. Maintaining the body's water-salt balance is essential for enhancing its capacity to manage feelings of fatigue and loss of strength. In addition, organic sulfur (MSM) and selenium provide nutrients to the skin, hair, and nails, influence antioxidant protection, and support immune response.\*

#### Vitamins (B vitamins and vitamin C)

Vitamins B6 and B12, as components of Griffonia, work together to support nervous system health and cognitive function.\* Vitamin B7, or Biotin (Included in MSM, Organic Sulfur), plays a crucial role in keratin production, the primary protein found in hair and nails.\* Biotin contributes to the maintenance of healthy hair and nail growth.\* Vitamin C, formulated into the supplements MSM, pentokan, and selenium, helps to support the immune response and aids the body in coping with residual effects following microbial exposure.\*

### Probiotics and prebiotics

They work together to increase the number of beneficial intestinal microflora, promoting better nutrient absorption, reduced intestinal discomfort, improved stool regularity, and supporting a healthy immune response.\*

### Herbal hepatoprotectors

When the body is not in its usual state of wellness or optimal health, the liver may become less efficient at filtering waste products, including toxins produced by pathogens and the breakdown of cells affected by bacteria or microbes.\* Herbal extracts such as artichoke, milk thistle, dandelion root, and betaine are known to support liver health by helping to aid the body's natural processes. These include protecting and restoring liver cells, supporting detoxification, and facilitating key liver functions like bile production, cellular health, and fat metabolism.\*

### Plant-based 5-HTP

Griffonia extract, a natural source of 5-HTP, contributes to serotonin production, supporting mood regulation and helping reduce feelings of sadness, occasional anxiousness, and irritability, while also improving mood and sleep quality.\*

### Recover pack may help:

- Support restoration of the body's mineral balance\*
- Support the body's faster elimination of waste products (i.e. toxins)
- Support emotional balance for an improved mood
- Aid the sleep-wake cycle for improved sleep quality
- Support the restoration of healthy intestinal microflora
- Provide immune support

\* These statements have not been evaluated by the Food and Drug Administration. This product is not intended to diagnose, treat, cure, or prevent any disease.

**BEAUTY**

# PRIVILEGE

# Privilege —

a premium skincare line ideal for those looking to visibly diminish signs of aging, improve skin texture, and restore a youthful glow. The series is formulated with natural plant components sourced from a uniquely favorable region of the Hawaiian Islands.

Kona Coffee is the key ingredient in the Privilege Beauty Formula, which is recognized for its AGE-DEFYING potential.\*

# Privilege Milk Cleanser

Item: 6001

Container: 3.38 fl. oz. (100 ml)

## Ingredients:

Aloe Barbadensis Leaf Juice\*, Aqua (Water/Eau), Sodium C14-16 Olefin Sulfonate, Glycerin, Cocamidopropyl Betaine, Phenoxyethanol, Disodium Cocoamphodiacetate, Coffea Arabica (Coffee) Seed Oil, Glycol Distearate, PEG-150 Pentaerythrityl Tetrastearate, Sodium Chloride, Caprylyl Glycol, Caprylyl/Capryl Glucoside, Lauryl Glucoside, Sodium Glycolate, Ethylhexylglycerin, Hexylene Glycol, Sodium Sulfate, Coconut Acid, Sodium Diglycolate, Tetradecene, Tocopheryl Acetate, Hexadecene, Sodium Citrate, Sodium Bicarbonate, 3-O-Ethyl Ascorbic Acid, Soluble Collagen, Retinyl Palmitate, Tetrasodium EDTA, Coffea Robusta Seed Extract, Camellia Sinensis Leaf Extract, Tocopherol, Leuconostoc/Radish Root Ferment Filtrate, Methylchloroisothiazolinone, Sodium Hyaluronate, Methylisothiazolinone, Potassium Sorbate, Trisodium EDTA, Citric Acid, Caramel.

\*Certified Organic

A blend of naturally-sourced cleansers, environmentally friendly, and designed for biodegradability to minimize the risk of irritation for sensitive skin types.† Our Milk Cleanser is specially formulated to gently remove makeup, dirt, and environmental pollutants, ensuring the skin remains clean, soft, and supple.†

## DIRECTIONS

Apply a small amount of cleanser onto your fingertips and gently apply to the facial area. Do not place cleanser directly into the eyes. Rinse the face using tepid water and pat dry with soft cloth.

For external use only. Avoid contact with eyes. If contact occurs, rinse thoroughly with water.

† These statements have not been evaluated by the Food and Drug Administration. This product is not intended to diagnose, treat, cure, or prevent any disease.

# Privilege Facial Scrub

Item: 6002

Container: 1.7 fl. oz. (50 ml)

## Ingredients:

Aloe Barbadensis Leaf Juice\*, Propylene Glycol, Caprylic/Capric Triglyceride, Pentylene Glycol, Coffea Arabica (Coffee) Seed Powder, Juglans Regia (Walnut) Shell Powder, Carbomer, Cetearyl Alcohol, Aqua (Water/Eau), Phenoxyethanol, Caprylyl Glycol, Cetareth-20, Coffea Arabica (Coffee) Seed Oil, Sodium Hydroxide, Tocopheryl Acetate, Soluble Collagen, Retinyl Palmitate, Glycerin, Sorbic Acid, Oryza Sativa (Rice) Extract, Coffea Robusta Seed Extract, Chamomilla Recutita (Matricaria) Flower Extract\*, Tocopherol, Leuconostoc/Radish Root Ferment Filtrate, Biosaccharide Gum-1, Leuconostoc Ferment Filtrate, Potassium Sorbate, Soybean Peroxidase, Superoxide Dismutase, Trisodium EDTA, Caramel.

\*Certified Organic

Facial Scrub is formulated with finely ground beans and walnut shells that provide skincare benefits by removing dead skin cells. The skin looks and feels soft and supple with more radiance and luminosity.†

## DIRECTIONS

Apply Facial Scrub to the entire face. Allow 5 minutes for the scrub ingredients to penetrate and nourish your skin. After 5 minutes, using wet fingers, lightly massage the face for 1-2 minutes, then rinse the face thoroughly and allow skin to dry. Do not apply directly into the eyes.

For external use only. Avoid contact with eyes. If contact occurs, rinse thoroughly with water.

† These statements have not been evaluated by the Food and Drug Administration. This product is not intended to diagnose, treat, cure, or prevent any disease.

# Privilege Hydrating Toner

Item: 6003

Container: 3.38 fl. oz. (100 ml)

## Ingredients:

Aloe Barbadensis Leaf Juice\*, Glycerin, Hamamelis Virginiana (Witch Hazel) Extract, Aqua (Water/Eau), Heptyl Glucoside, 1,2-Hexanediol, Caprylyl Glycol, Alcohol, Potassium Sorbate, Coffea Arabica (Coffee) Seed Oil, Soluble Collagen, Coffea Robusta Seed Extract, Phenoxyethanol, Heptanol, Sodium Ascorbyl Phosphate, Sodium Hyaluronate, Tocopheryl Acetate, Retinyl Palmitate, Anthemis Nobilis Flower Extract, Ethylhexylglycerin, Leuconostoc/Radish Root Ferment Filtrate, Tocopherol, Trisodium EDTA, Caramel.

\*Certified Organic

---

Due to its balanced combination of natural ingredients, Hydrating Toner is used to purify and hydrate the skin.† It helps restore the pH-balance, and improves overall skin tone, balance, and brightness.†

Our hydrating toner features a carefully balanced blend of natural ingredients designed to purify and deeply hydrate your skin.† This luxurious formula works to restore the skin's pH balance, enhancing its tone, balance, and brightness for a refreshed and radiant complexion.†

## DIRECTIONS

After your cleansing routine, spray or use a cotton ball to apply the toner to the facial area. Allow to air dry. Do not place the toner directly into the eyes.†

For external use only. Avoid contact with eyes. If contact occurs, rinse thoroughly with water.

† These statements have not been evaluated by the Food and Drug Administration. This product is not intended to diagnose, treat, cure, or prevent any disease.

# Privilege Intensive Eye Serum

Item: 6004

Container: 1 fl. oz. (30 ml)

## Ingredients:

Aloe Barbadensis Leaf Juice\*, Aqua (Water/Eau), Soluble Collagen, Glycerin, Carbomer, Phenoxyethanol, 3-O-Ethyl Ascorbic Acid, Proline, Threonine, Caprylyl Glycol, Oryza Sativa (Rice) Extract, Coffea Robusta Seed Extract, Leuconostoc/Radish Root Ferment Filtrate, Sorbic Acid, Chamomilla Recutita (Matricaria) Flower Extract\*, Sodium Hydroxide, Ahnfeltiopsis Concinna Extract, Euterpe Oleracea Pulp Powder, Sodium Hyaluronate, Tocopheryl Acetate, Retinyl Palmitate, Leuconostoc Ferment Filtrate, Potassium Sorbate, Acetyl Hexapeptide-8, Ethylhexylglycerin, Hexylene Glycol, Trisodium EDTA, Tocopherol, Soybean Peroxidase, Superoxide Dismutase, Caramel.

---

This eye serum is formulated to help improve the appearance of lines, wrinkles, dark circles and puffiness around the eye area.† A balance of Science and Nature work in harmony to provide a luxurious high performance product.†

This serum is expertly formulated to help visibly reduce the appearance of fine lines, wrinkles, dark circles, and puffiness around the delicate eye area.† Leveraging a harmonious blend of cutting-edge science and natural ingredients, this luxurious serum delivers high-performance results, rejuvenating your skin for a more youthful and radiant look.†

## DIRECTIONS

After your cleansing routine, apply a small amount of the serum to your fingertips and gently apply around and under the eyes. Best results are achieved when applied in the morning and evening before applying morning or night cream. Do not place the serum directly into the eyes.†

For external use only. Avoid contact with eyes. If contact occurs, rinse thoroughly with water.

† These statements have not been evaluated by the Food and Drug Administration. This product is not intended to diagnose, treat, cure, or prevent any disease.

# Privilege Intensive Facial Serum

Item: 6005

Container: 1.7 fl. oz. (50 ml)

## Ingredients:

Aloe Barbadensis Leaf Juice\*, Glycerin, Aqua (Water/Eau), Soluble Collagen, Hypnea Musciformis Extract, Carbomer, Phenoxyethanol, 3-O-Ethyl Ascorbic Acid, Proline, Threonine, Sargassum Filipendula Extract, Caprylyl Glycol, Sorbitol, Oryza Sativa (Rice) Extract, Tocopheryl Acetate, Coffea Robusta Seed Extract, Gellidiela Acerosa Extract, Leuconostoc/Radish Root Ferment Filtrate, Retinyl Palmitate, Sodium Hydroxide, Sorbic Acid, Chamomilla Recutita (Matricaria) Flower Extract\*, Ahnfeltiopsis Concinna Extract, Sodium Hyaluronate, Leuconostoc Ferment Filtrate, Potassium Sorbate, Ethylhexylglycerin, Tocopherol, Acetyl Hexapeptide-8, Hexylene Glycol, Trisodium EDTA, Soybean Peroxidase, Superoxide Dismutase.

\*Certified Organic

---

This unique formula is designed to help improve various signs of ageing skin, giving it a more youthful appearance.† It penetrates the entire face and throat area with a smooth silky after-feel.†

Our uniquely formulated Intensive Facial Serum is specifically designed to target and help improve the visible signs of aging, including fine lines, wrinkles, and a loss of firmness, for a rejuvenated and youthful appearance. It's luxurious texture ensures a smooth and silky finish, deeply nourishing the skin on the face and throat.†

## DIRECTIONS

After your facial cleansing routine, apply a small amount of the serum to your fingers and apply to the face and neck area, utilizing a light massaging motion.† Best results are achieved when applied in the morning and evening before morning or night cream.† Do not apply directly into the eyes.†

For external use only. Avoid contact with eyes. If contact occurs, rinse thoroughly with water.

† These statements have not been evaluated by the Food and Drug Administration. This product is not intended to diagnose, treat, cure, or prevent any disease.

# Privilege Repairing Eye Cream

Item: 6006

Container: 1 fl. oz. (30 ml)

## Ingredients:

Aloe Barbadensis Leaf Juice\*, Prunus Amygdalus Dulcis (Sweet Almond) Oil, Glycerin, Simmondsia Chinensis (Jojoba) Seed Oil, Soluble Collagen, Stearic Acid, Dimethicone, Coffea Arabica (Coffee) Seed Oil, Sorbitan Stearate, Aqua (Water/Eau), Phenoxyethanol, 3-O-Ethyl Ascorbic Acid, Carbomer, Cetyl Alcohol, Triethanolamine, Caramel, Glyceryl Stearate, PEG-100 Stearate, Caprylyl Glycol, Ethylhexylglycerin, Allantoin, Hexylene Glycol, Squalane, Tocopheryl Acetate, Retinyl Palmitate, Leuconostoc/Radish Root Ferment Filtrate, Euterpe Oleracea Pulp Powder, Sodium Hyaluronate, Myristyl Alcohol, Stearyl Alcohol, Coffea Robusta Seed Extract, Tocopherol, Anthemis Nobilis Flower Extract, Laminaria Digitata Extract, Potassium Sorbate, Acetyl Hexapeptide-8, Trisodium EDTA.

\*Certified Organic

# Cool Relief

Item: 91645

Container: 4.23 oz (120 g)

## Ingredients:

Purified Water, Menthol, Camphor, Emu Oil, Emulsifying Wax Nf, Glyceryl Stearate Se, Stearic Acid, Methylsulfonylmethane (MSM), Oryza Sativa (Rice) Bran Oil, Glucosamine Sulphate, Cetearyl Alcohol, Dicyetyl Phosphate, Ceteth-10 Phosphate, Olibanum (Boswellia Serrata) Gum, Hippophae Rhamnoides (Seabuckthorn) Extract, Eugenia Caryophyllus (Clove) Leaf Oil, Eucalyptus Globulus (Eucalyptus) Leaf Oil, Mentha Viridis (Spearmint) Leaf Oil, Mentha Arvensis (Cornmint) Oil, Phenoxyethanol, Triethanolamine Nf, Acrylates/C10-30 Alkyl Acrylate Crosspolymer.

**Cool Relief cream** is designed to provide a sensation of cooling followed by warming, intended for comfort and relief in the context of normal use.\* Supports moderately rapid muscle recovery following muscle fatigue.\* Supports smooth muscle and joint movement and helps muscle replenishment following exercise.\*

## DIRECTIONS

Massage into affected area as required. For external use only. Avoid contact with broken skin, eyes or mucous membranes. Do not bandage after use.

Stop use immediately and rinse the area with water if irritation occurs.

If symptoms persist, seek medical advice, providing product details.

\*For external use only. If irritation occurs, discontinue use and consult a healthcare provider.

\* These statements have not been evaluated by the Food and Drug Administration. This product is not intended to diagnose, treat, cure, or prevent any disease.

# Coralbrite Toothpaste with Coral Apatite®

Item: 5720

Tube: 2.82 oz (80 g)

## Ingredients:

Water, Sorbitol, Hydroxyapatite, Cellulose Gum, Mentha Arvensis leaf oil, Soap material, Phenoxyethanol, Sodium Citrate, Carrageenan, Allantoin, Allium Cepa (Onion) bulb extract, Pistacia Lentiscus (Mastic) Gum.

**Coralbrite** is a new word, not only among oral hygiene products, but also among hydroxyapatite toothpastes\* After all, this Japanese-made product is one of the world's first toothpastes with hydroxyapatite derived from coral - a natural source of minerals.\* Up to 99.7% of the ingredients are obtained from natural minerals, such as plants, fruits, algae, and vegetables.\* Coralbrite toothpaste has the refreshing aroma of Japanese mint.\* In addition to cleaning teeth, it was designed to help preserve and restore tooth enamel and to help prevent the development of tooth decay.\*

**Active ingredients** Apatite® hydroxyapatite, which forms the basis of Coralbrite toothpaste, is made from natural fossil coral from Yonaguni Island in Japan.\* Coral-derived hydroxyapatite, valued for its unique biocompatibility, is sustainably sourced to protect marine ecosystems.\* It is a source of not only calcium and phosphorus but up to 70 other minerals as well.\* This rich mineral combination was derived from ancient seawater present for over 10 thousand years.\* In addition, due to its porous structure, coral acts as a sorbent by absorbing liquids and gases.\* Hydroxyapatite has shown promise in dental care routines due to its ability to help remineralize and fortify tooth enamel, aiding in the prevention of cavity formation. This

multifaceted action helps promote stronger teeth and contributes to improved plaque removal and enhanced brightening of tooth enamel, offering a more comprehensive approach to oral hygiene.\*

**Natural calcium** supplies calcium ions and helps maintain an alkaline pH in the mouth (pH 10), which may reduce demineralization and prolong the promising regenerative effect of hydroxyapatite.\*

**Onion extract** and allantoin soothe and support a healthy mouth when combined with proper hygiene practices.\* Combined with the unique pistachio mastic, these ingredients serve to support mouth comfort.\* Together with Japanese mint oil, this herbal complex provides a refreshing taste and aroma\*

**Coralbrite toothpaste with Coral Hydroxyapatite supports efforts to maintain oral health and may help:**

- contribute to thorough cleansing of teeth and supporting plaque removal\*;
- reduce demineralization of tooth enamel\*;
- support improved remineralization of tooth enamel\*;
- support a reduction in tooth sensitivity\*;
- contribute to polishing and whitening tooth enamel\*;
- contribute to reducing the risk of tooth decay\*;
- Support efforts to maintain fresh breath and reduce unpleasant odors\*

# Emu Oil

Item: 5710

Container: 1.7 fl. oz. (50 ml)

## Ingredients:

Dromiceius oil (99.7%), Rosmarinus Officinalis Leaf Oil, Tocopheryl acetate, Limonene, Linalool. Limonene, Linalool naturally present in Rosemary (Rosmarinus Officinalis) oil.

**Emu (Dromiceius noveahollandia) Oil** contains a natural blend of Omega 3, 6, and 9 fatty acids.\* It effectively hydrates the skin, offering quick absorption without a greasy residue.\* The bioactive components of Emu Oil have been researched for their contributions to skin health.\*

## DIRECTIONS

Gently massage into the affected area as needed. For external use only. Avoid contact with broken skin, eyes, and mucous membranes. Do not apply a bandage over the area after use.\*

# Emu Oil with Tea Tree Oil

Item: 91605

Container: 0.5 fl. oz. (15 ml)

## Ingredients:

Oryza Sativa (Rice) Bran Oil, Olea Europaea (Olive) Oil, Beeswax, Emu Oil, Melaleuca Alternifolia (Tea Tree) Leaf Oil, Prunus Armeniaca (Apricot) Kernel Oil, Triticum Vulgare (Wheat) Germ Oil, Prunus Amygdalus Dulcis (Sweet Almond) Oil, Calendula Officinalis Flower Extract, Tocopheryl Acetate.

A balanced formula designed to enhance nourishment and moisturizing of the skin, supporting its structure and providing ingredients aimed at guarding against unfavorable environmental elements.\*

\* These statements have not been evaluated by the Food and Drug Administration. This product is not intended to diagnose, treat, cure, or prevent any disease.

# Silver Gel

Item: 91637

Container: 1.7 fl. oz. (44 ml)

## Ingredients:

Water, Carbopol, Triethanolamine, Silver 24 ppm.

**Silver Gel**, based on colloidal silver, is produced using patented SilverSol technology®.\* The gel base is designed to help the silver penetrate the deep skin layers and may enhance its effects.\*

## DIRECTIONS

This gel formulation is crafted to enhance the delivery of silver, promoting quicker absorption into the skin's layers for more noticeable outcomes.\*

# Tea Tree Oil

Item: 5701

Container: 1 fl. oz. (30 ml)

## Ingredients:

Tea Tree Oil (*Melaleuca alternifolia*), Limonene, Linalool.  
Limonene, Linalool naturally present in Tea Tree Oil.

**Tea Tree Oil**, in a concentrated solution for external use, is well absorbed by the skin and may help calm and moisturize.\* Always dilute before use to ensure safety.\*

## DIRECTIONS

As a skin oil, dilute 1 drop of Tea Tree Oil in 10 ml of vegetable oil. Apply gently with a cotton pad to the targeted areas, avoiding sensitive parts of the skin.

\* These statements have not been evaluated by the Food and Drug Administration. This product is not intended to diagnose, treat, cure, or prevent any disease.

# Sunny Glow Lip Balm

Item: 5721

Container: Stick, 4.6 g

## Ingredients:

C12-15 alkyl benzoate, Castor oil, Dibutyl adipate, UV filter diethylamino hydroxybenzoyl hexyl benzoate, Beeswax, Hydrogenated coconut oil, Candelilla wax, Carnauba wax, UV filter ethylhexyl triazone, UV filter bemotrizinol (bis-ethylhexyloxyphenol methoxyphenyl triazine), Shea butter, Sea buckthorn oil, Tocopherol, Bisabolol.

## Sunny Glow Lip Balm: The Ideal Daily Lip Care Solution

Discover the enriching power of Sunny Glow Lip Balm; this waterproof formula deeply nourishes and moisturizes your lips, helping to ward off peeling and dryness. Its natural wax forms a protective barrier that imbues your lips with softness and elasticity. Enhanced with a high SPF 30, it offers robust protection against UV-A and UV-B radiation, leaving no white residue behind.\* The active components, such as shea butter and sea buckthorn oil, work together to nourish and rejuvenate lip skin. Shea butter intensely moisturizes and reinforces the skin's barrier, while sea buckthorn oil, known for its antioxidant properties, helps maintain lip health and resilience against external stressors. Together, they help preserve elasticity and help reduce the appearance of premature aging.\* Moreover, beeswax, candelilla wax, and carnauba wax form a moisture-locking barrier that hydrates and softens the lips over time.\* Bisabolol gently soothes the skin and helps support the skin's natural healing process for minor lip cracks. It also helps to calm irritation.\* UV filter Bemotrizinol is a broad-spectrum UV filter that safeguards lips from the potential adverse effects of UV-A and UV-B rays, helping protect against the effects of photoaging and reducing the likelihood of sunburn.\* UV filter Ethylhexyl Triazone offers dependable protection against UV-B rays, helping to protect the skin's surface layer from one of the primary causes of sunburn and potential damage.\*

# Advanced Collagen Biocellulose Facial Mask

Item: 610105

Container: Five 0.8 fl. oz. (25 ml) Sachets

## Ingredients (INCI):

Aqua, Butylene Glycol, Pullulan, Erythritol, Glycerin, Betaine, Hydrolyzed Collagen (MAXICOLLAGEN), PVP, Dipropylene Glycol, 1,2-Hexanediol, Hydroxyacetophenone, Polyglyceryl-10 Laurate, Sorbitan Caprylate, Xanthan Gum, Ammonium Acryloyldimethyltaurate/VP Copolymer, Lecithin, Sodium Hyaluronate, Hydrogenated Ethylhexyl Olivatate, Parfum, Polyglyceryl-6 Stearate, Simmondsia Chinensis Seed Oil, Limnanthes Alba (Meadowfoam) Seed Oil, Maris Aqua, Hydrogenated Olive Oil Unsaponifiables, Polyglyceryl-6 Behenate, Caprylyl Glycol S-Octopus Pentapeptide-1 Sp, Acetyl Hexapeptide-8.

## Advanced Collagen Biocellulose Facial Mask

Designed to help reduce the appearance of wrinkles and enhance the skin's natural elasticity, offering a rejuvenated look. The biocellulose base ensures it adheres perfectly to the skin, creating a "second skin" effect for maximum benefit and comfort.\*

### ACTIVE INGREDIENTS

**MAXICOLLAGEN:** Featuring Collagen Tripeptides, HAPA-5 Peptides, and Argireline, this blend supports the skin's natural recovery processes, nourishing and enhancing its appearance. The collagen helps maintain skin elasticity and minimize visible signs of aging. The biocellulose base provides excellent moisture retention, enhancing the mask's hydrating effects.\*

\* These statements have not been evaluated by the Food and Drug Administration. This product is not intended to diagnose, treat, cure, or prevent any disease.

# Hydro Boost Biocellulose Facial Mask

Item: 610205

Container: Five 0.8 fl. oz. (25 ml) Sachets

## Ingredients (INCI):

Aqua, Butylene Glycol, Glycerin, Panthenol, Caulerpa Lentillifera Extract, Dipropylene Glycol, Halobacillus Lysate Filtrate, Hydroxyacetophenone, 1,2-Hexanediol, Xylitylglucoside, Anhydroxylitol, Allantoin, Ammonium Acryloyldimethyltaurate/VP Copolymer, Sorbitan Caprylate, Xanthan Gum, Xylitol, Lecithin, Polyglyceryl-10 Laurate, Sodium Hyaluronate, Sodium PCA, Betaine, Glucose, Sodium Polyglutamate, Ascophyllum Nodosum Extract, Parfum, Maris Aqua, Sodium Lactate, Pentylene Glycol, PCA, Sodium Hyaluronate Crosspolymer, Hyaluronic Acid, Serine, Alanine, Glycine, Glutamic Acid, Lysine Hydrochloride, Threonine, Arginine, Proline.

## Hydro Boost Biocellulose Facial Mask

This mask offers excellent hydration with active ingredients that nourish and improve the appearance of skin firmness. Its biocellulose base ensures optimal adhesion, enhancing the delivery of active substances for effective results.\*

### ACTIVE INGREDIENTS

**3D Hyaluronic Acid** (Sodium Hyaluronate Crosspolymer): Provides multi-level, long-lasting hydration by attracting and retaining moisture, helping to improve skin elasticity.\*

**Marine Algae:** Known for its antioxidant properties, it supports the skin's barrier functions and protects against visible signs of environmental stress.\*

**Metabiotic Ectoine:** Derived from halobacillus bacteria, it nurtures the skin's natural balance and resilience, enhancing comfort. The biocellulose base helps boost the delivery of these ingredients, making the Hydro Boost Mask an effective choice for hydration and comfort.\*

\* These statements have not been evaluated by the Food and Drug Administration. This product is not intended to diagnose, treat, cure, or prevent any disease.

# Skin Harmony Biocellulose Facial Mask

Item: 610305

Container: Five 0.8 fl. oz. (25 ml) Sachets

## Ingredients (INCI):

Aqua, Butylene Glycol, Glycerin, Sargassum Glaucescens Extract, Trehalose, Alteromonas Ferment Extract, Hydroxyacetophenone, 1,2-Hexanediol, Diglycerin, Ammonium Acryloyldimethyltaurate/VP Copolymer, Polyglyceryl-10 Laurate, Sorbitan Caprylate, Xanthan Gum, Lecithin, Moringa Pterygosperma Seed Extract, Lactic Acid, Potassium Hydroxide, Arginine, Lactobacillus Ferment, Maris Aqua, Parfum, Limonene\*, Linalool\*, Spirulina Platensis Extract, Ceramide NP, Menthyl Lactate, Menthol, Cholesterol, Stearic Acid, Caprylic/Capric Triglyceride, Phytosphingosine, Oleic Acid, Hydrogenated Lecithin, Caprylyl Glycol, Caprylhydroxamic Acid

\*constituents of parfum

## Skin Harmony Biocellulose Facial Mask

The active ingredients in this mask help soothe and improve the skin's appearance. The biocellulose base ensures optimal adherence, enhancing the delivery of its components for better surface hydration and comfort.† Helps alleviate signs of stress and enhances the skin's natural radiance and appearance.†

### ACTIVE INGREDIENTS

**Metabiotics and Ceramides:** These ingredients support the skin barrier, offering protection against environmental damage and aiding in moisture retention.†

**Moringa Seed and Marine Algae Extracts:** Provide notable antioxidant benefits, effectively cleansing by removing impurities while nourishing the skin and enhancing its texture and tone.†

† These statements have not been evaluated by the Food and Drug Administration. This product is not intended to diagnose, treat, cure, or prevent any disease.
